# THE NEW ROSE, Mrs. Robert Garrett,

AS SHOWN ON PAGE 1 OF COVER.

Prices for young plants, 40 cents each.

In offering this superb rose to our customers we do so with a feeling that it is truly a gem among roses. Its color, a live glowing deep shell pink, together with its strong growth, sturdy constitution, added to superb blooming qualities, go to make it one of the most desirable acquisitions of recent years.

This rose is the product of the genius of Mr. John Cook, an artist in rose growing, and comes from the crossing of Sombreuil and Madam Caroline Tistout, taking its glowing color probably from the latter. Whether in bud or in open flower, it is magnificent and commands the admiration of all who see it. Price, 40 cents.

## The A No. 1 Chrysanthemum Collection.

AS ILLUSTRATED ON 3d PAGE OF COVER.

Price, 50 cents Post-paid.

**Major Bonnaillon**—Soft, clear yellow, full in the center, 8 inches in diameter and nearly as deep. In perfect form and finish, habit dwarf, keeping qualities excellent. It is entirely distinct in color and form from Eugene Dailedouze. It was awarded a World's Fair medal with the highest recommendation from the judges; has won ten first prizes.

**Mrs. Henry Robinson**—In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms; it is of the most popular style—immense incurving, broad channeled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat incurved form it gradually changes into a perfect ball of snow.

**Fisher's Torch**—A fine new Japanese variety. The flowers are of massive size, reflexed, with broad, stiff petals, color deep, rich, velvety-crimson, with no shade of brown or chestnut. Flowers borne on strong, stiff stems. The foliage resembles Cullingfordii, but it is much heavier and darker. Leaves grow close up to the flowers, which gives the plant an elegant appearance.

**Glory of the Pacific**—This fine variety will rank among pink sorts as Bergmann does among whites. It is of magnificent size and depth, with broad petals, which finally reflex, showing the clear pink color to excellent advantage.

**L'Enfant**—(Des d'Mondes.)—Pure white. This grand white sport from L. Boehmer was well received, having many admirers at the shows. Like the parent, is a strong grower of good habit, and is considered the best white of the hairy type, and well deserves a prominent place in any set of this peculiar style of the Chrysanthemum.

## THE NEW French Geranium Collection.

As illustrated on the 2d page of Cover.

PRICE, 50 CTS. POST-PAID.

**Camille Bernardin**—Very large trusses, individual florets large and well formed, plans of excellent free flowering habit; rosy peach veined with bright rose and streaked and marbled with pure white. This is the best variety we have seen in the Mirande type.

**Fleur Poitevine**—Another very distinct colored variety; large single flowers; color brilliant rosy-carmine, marbled and striped with pure white, producing an aureole of deep orange carmine at the center; the plant is dwarf, but robust and wonderfully free flowering.

**L'Aube**—Enormous sized trusses, large round florets, pure snow white, retaining its pureness the entire season; in freedom of bloom, splendid habit and growth of plant this variety resembles the excellent double white variety, La Favorite. We believe this to be the very best single white up to date.

**Mad. Jaulin**—Without question the finest new semi-double Geranium offered in many years. This is an entirely distinct color in the Bruant or bedding type; very large florets compose a truss of grand size; center of flower very delicate pink bordered with pure white; for freshness and beauty this variety is unrivaled by any bedding sort, and is equally as valuable for pot culture.

**J. Ricaud**—A very fine, free-flowering, double variety with enormous sized trusses on strong foot-stalks; flowers purplish-crimson of a very intense shade, center very distinctly marked white, shading beautifully into the other color.

## The Triumph Rose Collection.

AS ILLUSTRATED ON LAST PAGE OF COVER.

Price. 50c. Post-paid. Large 2-yr. old Plants, \$1.50

**1—Md. Eli Lambert**—Rich, creamy white, faintly tinted with pale golden yellow, and exquisitely bordered and shaded with soft, rosy flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer, strong, vigorous and healthy grower—in short, a magnificent Rose in every way. Price, 15 cents each; large plants, 30 cents.

**2—Maman Cochet**—You can get an idea of the exquisite flower from the engraving. It is of the largest size, and, as you will notice, the flower is built up or rounded, and very double. The color is a deep rose-pink, the inner side of the petals being a silver-rose, shaded and touched with golden yellow.

**3—Crimson Bedder**—This is without doubt the very best of all red roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in roses, indeed a bed of this Rose produces a mass of red equal to a bed of Geraniums. It is planted everywhere on account of its color and freedom of bloom.

**4—New Tea Rose, Mad. Pierre Guillot**—The most attractive and showy Tea Rose of recent introduction. It throws up numerous strong shoots, terminating in buds that for beauty surpass many famous Roses. The buds are large, very double, creamy-white, each petal heavily bordered with bright rose. As a cut flower, the color holds well, seems to be more intense under gas light, the white lemon and rosy margin are very brilliant.

**5—General Robert E. Lee**—An orange-yellow, after the color of Mad. Capucine, only richer and better. It is a good grower, has elegant long buds, borne on long stems, and will produce more buds than any Rose we know of. It forces easily, being at its best in mid-winter. There is no variety that will compare with it in all the qualities that go to make up the ideal Rose. The color is so peculiar and rich that it attracts attention wherever seen.

**6—Joseph Metral**—A splendid red Tea Rose, and one of the finest additions to our list of bedding roses; flowers of good size, nicely cup-shaped, and borne in wonderful profusion all through the growing season. Color deep crimson, changing to carmine in the matured flowers; particularly bright and pretty, and one of the best for either pots or bedding purposes.

**Special Offer**—THE FOUR SETS, INSIDE AND OUTSIDE OF COVER, FOR \$1.75.

 TO OUR

# .. Friends and Patrons..

**WE** PRESENT with pleasure our new illustrated catalogue for 1899, in which we have listed everything we have to offer from a large and well-grown stock. Our establishment is thoroughly equipped in every respect; our facilities for handling mail and express orders are of the best. Our entire business is under the direct personal supervision of the proprietors, and in case of mistakes in filling orders, we will, upon prompt notification, rectify same. Kindly keep a copy of your order to compare with plants received.

**ORDERS LOST OR STOLEN.** Sometimes it happens that orders never reach us. When customers fail to receive their plants within a reasonable time, they should inform us of the fact, and at the same time send a duplicate of their order, also stating the form of remittance and date of original order.

**USE OUR ORDER SHEET, Filling all the Blanks Carefully.** In making out your order, please use the convenient Order Sheet which accompanies each Catalogue. If it is necessary to write a letter in addition, let it be on a separate sheet.

**PLANTS BY EXPRESS.** We always recommend having plants sent by express, where there are many ordered, and when there is an express office near, as we can usually send much larger plants, and do not have to wash the soil off the roots, as is the case when sent by mail. When the weather is sufficiently warm we pack all express orders in light, strong baskets (which we furnish free), having the tops exposed. Plants packed in this manner will carry nicely for a great distance, and keep for a week or ten days in a fresh condition. Purchaser pays charges.

**New Low Express Rates.** We call attention to the new low express rate, which is a reduction of 20% from the regular merchandise rate, at which plants have been expressed heretofore.

**PLANTS BY MAIL.** When plants are ordered by mail, we prepay postage, delivering the plants free of all expense to any postoffice in the United States. **Orders amounting to less than 25 cents not accepted.**

**Canada Customers.** In ordering plants sent to Canada, please send 10 cents extra with each \$1.00 worth ordered, as the postage rate on plants to Canada is double that in the United States.

**OUR TERMS are Cash with the Order.** No order sent C. O. D. unless a remittance of one-fourth of the amount of the order be made to guarantee the acceptance.

**HOW TO REMIT—Postoffice Orders.** The safest and most convenient way of transmitting money from one point to another is by means of postoffice orders; if these are lost a duplicate can easily be obtained, and there is no danger of their being stolen, for no one can obtain money on them except the person to whom they are addressed. They can be obtained at most postoffices, but not all. The fee is but 5 cents for \$5.00 and under.

**Express Money Orders.** If more convenient, money can be sent in this way with perfect safety, as in case the letter is lost a duplicate can be obtained if you are careful to keep your receipt.

**Bank Drafts.** These should be drawn on New York City, and made payable to the order of McGregor Brothers.

**WE WILL BE RESPONSIBLE FOR MONEY SENT BY ANY OF THE ABOVE METHODS.**

**Loose Money** enclosed in a letter is at the risk of the sender.

**Individual Checks cannot be Received** in payment for plants; neither can we accept Canada or Mexican silver or paper money.

**Postage Stamps.** These can be sent for fractional parts of one dollar, or where Postoffice Order cannot be had. When stamps are sent get 5-cent or 10-cent, if possible, as we use more of them than any other.

**REFERENCES.** If you have any fears that we will not perform what we promise, we refer you to the First National Bank of this city, or to the Postmaster.

Address all letters, and make drafts, money orders, etc., payable to

## The Queen of All Roses

# American Beauty.

This Rose has become as famous as the Marechal Neil. The flowers of this grand Rose are so eagerly sought that they sell in the flower stores of the larger cities during the holiday season at the extravagant price of from one dollar and a half to two dollars for a single bud or flower. Indeed, the market is never fully supplied with them, even at this high price. Why is this? There must be a reason. It is because of its large size, rich color and delicious fragrance. One of its chief attractions is its elegant foliage (see illustration from photograph), which will show you what long, stiff stems and heavy foliage it can be cut with. It is a hardy rose, of the largest size, having the ever-blooming qualities of the Tea Rose, with the delicious odor of the Damask or Moss Rose. It is the sweetest of all Roses. In color it is a deep, brilliant red, shading to a rich carmine-crimson. It is entirely hardy, and is a valuable rose for the garden or indoor culture, flowering freely during the winter. American Beauty is like Marechal Neil, difficult to start from small plants, therefore we advise our customers to buy strong plants of it. This rose will never be sold cheaply, for the reason it is hard to propagate. It can only be rooted with success during winter. Our small plants are strong and thrifty. Price, 30 cents each. Fine, large, 2 yr. old plants, 60 cents each.

## The Beautiful New Hybrid Tea Rose,

# President Carnot

It is a rose of the largest size, beautiful, both in bud and open flower. The buds come on long, stiff stems, in clusters of from six to twelve. Each individual flower stands out distinct on its stem. No crowding as in the case of so many roses that bloom in clusters. The color is distinct and novel, a lovely fawn, shading to pearl. It often measures five to six inches in diameter. We have no hesitancy in saying that this charming rose will become as popular as La France, as it has all the good qualities of that rose, and at the same time is distinct in every feature. It is so handsome and distinct that it attracts immediate attention. It is indeed a wonderful rose, one that everybody can grow and bloom. Price, fine young, strong plants, 20 cents; fine two-year plants, 40 cents.

Bracken, Texas, Feb. 17, 1898.

Gentlemen:—My neighbor, for whom I ordered Roses, was more than satisfied with such a nice lot of plants at so low a price.

Yours truly,

A. A.

—THE—  
Beautiful Tea Rose,

**No. 4.—Madame Welche.**

The flowers have great depth and substance, and are of fine globular form, with broad, thick petals, and large, finely-shaped buds. The color is a beautiful shade of soft amber-yellow, deepening towards the center to orange or coppery-yellow, delicately tinged and clouded with a pale, ruddy crimson. Both flowers and buds are remarkably sweet and the plant is a good, healthy grower, of a compact, bushy habit, producing its exquisite buds and flowers in great abundance during the whole growing season. It is fine for the conservatory, and none better for open ground. Price, 15 cents.

**No. 5.—The Pure White Tea Rose, THE QUEEN.**

A most charming Tea Rose. The offspring of that fine old rose, Souvenir d'un Ami, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proved valuable, both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white ever-blooming roses. Price, 15 cents.

## A Select Quintet of Tea Roses.

THE SUPERB RED TEA ROSE,

**No. 1.—Andre Schwartz.**

A magnificent red Tea. It is a strong grower, with fine healthy foliage; the buds are large and long, with thick, broad petals of a dark carmine crimson color, changing to a lighter shade in the open flower. An excellent winter blooming variety, and one of the best for outdoor planting, opening up the flowers in beautiful shape. Price 15 cents.

THE CHARMING NEW YELLOW ROSE,

**No. 2.—Mosella.**

THE YELLOW SOUPERT.

This splendid novelty is almost identical with that of the original Souper, a cross of the Polyantha and the beautiful Tea Rose, Madame Falcot. It blooms in profuse clusters of three to five flowers, which are very double, ball-shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. The plant is dwarf, bushy and free blooming. Offered for the first time this year. It is sure to be a popular companion to the original Clothilde Souper. Price, 15 cents.

**No. 3.—New Crimson Rose, Princess Sagan.**

The flowers of this variety are the richest crimson of any rose in our vast collection; a single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed, it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene. One of our customers in California writes that she is kept busy by people asking her what rose this is. Price, 15 cents each; large two-year-old plants, 30 cents.

**SPECIAL OFFER:** This Charming Quintet of Tea Roses for 50 Cents postpaid. Large two year plants, \$1.00

WHITE MAMAN COCHET.

THE CHARMING NEW ROSE,  
**Mrs. Pierepont Morgan.**

It is a sport from Mad. Cusin, and is in every way much superior to that variety, being a much more robust grower. The flowers are very much larger and very double, many of them measuring  $4\frac{1}{2}$  inches through when in perfection; much larger foliage than its parent. The petals are broad and massive. Color is intensely bright cerise, or rose pink. It has received special certificates of merit wherever exhibited. No other forcing variety can compare with it in profusion of bloom even in dull weather, which is the more remarkable considering the size and substance of the flower. Price, 20 cents; two-year plants, 35 cents.

THE BEAUTIFUL YELLOW TEA ROSE,  
**Star of Lyon.**

(Etoile de Lyon.)

This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the summer. Price, 15 cents each; large two-year-old plants, 30 cents each.

STAR OF LYON.

The Beautiful New

**White Tea Rose**

WHITE MAMAN COCHET.

The finest rose of the year; like its parent the growth is vigorous with rich, healthy foliage, producing large fine flowers of the purest white; in fact, it is an exact counterpart of the beautiful Maman Cochet and all who have tried it pronounce it the finest bedding Tea Rose in existence. We would advise all who love choice roses to plant at least one of this beautiful new rose. Price 15 cents each. Two year old plants, 30 cts.

New Ever-Blooming Rose,

**Star of Gold.**

(Etoile d'Or.)

This elegant new rose is certainly a great acquisition. Full, round flowers, of the largest size, perfectly double to the center, oftentimes comes in immense clusters, blooms quickly and profusely, and besides being exceedingly beautiful, is entirely distinct from all others. The color is a deep golden-yellow, with rich citron center. If you desire a large, rich, deep yellow rose, try it. Price, 15 cents each; two-year-old plants, 30 cents each.

New Rose,

**Henry M. Stanley.**

This grand new ever-blooming rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber-rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff-rose. The flowers are of good substance, very large, finely formed, and very full and fragrant. Price, 15 cents each; large two year old plants, 30 cents each.

**THE GREAT "SOUPERT" COLLECTION OF ROSES.****The Beautiful New Pink Soupert.**

This bright new rose is a very free flowering variety, much resembling *Hermosa*, but more double and flowering more freely; it shows the *Polyantha* blood in the full cluster of bloom, and it will make a handsome contrast, bedded or grown with the *C. Soupert*. The flowers are not quite so large, full and handsome as our original *Soupert*, but fill a place because of their brightness and freedom. The habit of the plant is almost identical with *C. Soupert*. Each, 15 cents; two-year-old plants, 35 cents.

**Yellow Soupert or Mosella.**

Is another novelty that has been wanted for some years. Who does not know the beautiful *Clothilde Soupert*, the splendid bedding rose? *Mosella* is a stronger grower, flowers are a little larger than the *Clothilde Soupert*, but appear the same way in clusters and on single stems; the color is chrome yellow in the center, getting creamy-white on the edges of the petals; it will make a great bedder and perfectly hardy. Price, 15 cents; two-year plants, 35 cents.

**White Soupert or Leonie Osterrieth.**

We have given this rose an extended trial, and believe there is no better white rose grown. The buds are of a good size, the flower full and double, and deliciously fragrant, pure porcelain white, with deep center. In freedom of bloom this charming variety rivals the *Polyanthus*. Price, 15 cents; two-year plants, 35 cents.

**The Famous Hardy Ever-Bloomer, Clothilde Soupert.**

This rose originated with Messrs. Soupert & Notting, of Luxembourg, Belgium. It is a strong, vigorous grower. The flowers are large, double and beautiful in form, with style of the beautiful rose "*Ball of Snow*." The flowers are borne in sprays, and the color blends from a soft shell-pink to a pure satiny-white. Roses with both these colors are borne on the same plant at the same time. No other rose approaches it in flowering qualities. Price, 10 cents each; large plants, 30 cents each.

**SPECIAL OFFER.—The Great Soupert Collection for 40c. Two-year plants for \$1.25.**

**GENERAL ROBERT E. LEE.****A Charming New Tea Rose,  
General Robert E. Lee.**

(Introducer's description.) This is the first rose that we have introduced, and we are sure that it will please all who try it. It is in color an orange-yellow, after the color of *Mad. Capucine*, only richer and better. It is a good grower, has elegant long buds, borne on long stems, and will produce more buds than any rose we know of. It forces easily, being at its best in mid-winter. There is no variety that will compare with it in all the qualities that go to make up the ideal rose. The color is so peculiar and rich that it attracts attention wherever seen. Try it. Price, 10 cents each; two-year-old plants, 25 cents each.

**Tea Rose,****SUNSET.**

A grand variety. The flowers are of large size, fine, full form, very double and deliciously perfumed; the color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark, ruddy-copper. Intensely beautiful and resembling in color a splendid "*Afterglow*." It is a constant and profuse bloomer. Price, 15 cents each; large, fine two-year plants, 40 cents each.

**New Tea Rose****QUEEN  
AUGUSTA  
VICTORIA.**

This beautiful rose has not only a royal name, but is a royal rose as well. We have white roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white roses that are elegant when full blown, but have poor buds. This rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open; color pure creamy-white. It far surpasses any other white rose in all particulars, and has a much richer perfume. Price, 15 cents each; large two-year-old plants, 40 cents.

**QUEEN AUGUSTA VICTORIA.**

Gentlemen:—The roses came in fine shape. Who would not have roses when such fine ones can be had for so little money?  
Cambridge, Pa., Mar. 1, 1898.  
Yours truly,  
M. R. G.

PERNET'S TRIUMPH.

*The Beautiful New Rose . . .*

## **PERNET'S TRIUMPH,**

*The Finest All-Round Crimson Rose to Date.*

Originated and sent out by Jean Pernet, one of the most celebrated rose growers of France, who has already given us some very beautiful roses, but considers this the triumph of his life (the name translated would read, "Triumph of Father Pernet"), and besides his endorsement it has received the commendation of the highest European authorities, and as far as we can judge it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Price, 15 cents each; large plants, 35 cents.

*THE BEAUTIFUL ROSE,*

## **MADAME WELCHE.**

The flowers have great depth and substance, and are of fine globular form, with broad, thick petals, and large, finely shaped buds. The color is a beautiful shade of soft amber-yellow, deepening towards the center to orange or coppery-yellow, delicately tinged and clouded with a pale, ruddy crimson. Both flowers and buds are remarkably sweet and the plant is a good, healthy grower, of a compact, bushy habit, producing its exquisite buds and flowers in great abundance during the whole growing season. It is fine for the conservatory, and none better for open ground. Price, 10 cents each; large two-year-old plants, 30 cents each.

*NEW AMERICAN ROSE,*

## **—Senator McNaughton—**

*(White Perle des Jardins.)*

This fine white rose originated with Mr. Jos. Bevis, of Philadelphia, as a sport from Perle, and is a grand variety. In foliage and growth it is identical with Perle; the flowers are of the same form and size, while the color is an ivory-white of great purity. This variety will prove invaluable to rose growers, for it is of the same easy management as Perle, requiring the same temperature and treatment; and if there is a difference in freedom of bloom, it is in favor of Senator McNaughton. Price, 15 cents each; large two-year-old plants, 30 cents each.

*The Grand New Velvety Red Rose,*

## **Climbing Meteor.**

All who know "General Jack" will call to mind its beautiful, high colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red Climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of roses for summer blooming, as it will make a strong growth and is literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Don't fail to plant one or more of Climbing Meteor. Price, 15 cents each; two-year-old plants, 30 cents each.

For every dollar's worth of plants you order at price per single plant, you may select from this Catalogue 20 cents worth of extra plants as premiums, except on special offers or collections, to which this offer does not apply.

PEARL OF THE GARDEN.

THE BEAUTIFUL YELLOW TEA ROSE,

✻ ✻ **Pearl of the Garden.**

**Perle des Jardins**—The one Tea Rose which you cannot possibly do without. It has absolutely no weak point, but is a perfect and popular rose. The color is faultless, whether the waxy petals show the rich cream tint of cool weather, or take richer golden shades which a warmer sun gives them. The form of the bud is rich, rounded and luxuriant. It is only equalled in beauty by the open rose, which is full to the center and large. It is no shy, creeping plant, but is fairly riotous in growth, sending out quantities of beautiful foliage, thick, glossy and dark, every branch being tipped with the dark reddish-maroon of the young shoots, and bearing its buds high above the leaves. Price, 15 cents each; large plants, 35 cents each.

**The Beautiful New  
Everblooming**

☉ **MAMAN  
COCHET**

It is a vigorous grower with beautiful foliage. In bud it resembles the Mermet family, being long and shapely, borne on long, stiff stems. You can get an idea of the exquisite flower from the engraving. It is of the largest size, and, as you will notice, the flower is built up or rounded, and very double. The color is a deep rose-pink, the inner side of the petals being a silver-rose, shaded and touched with golden-yellow. We pronounce this the finest rose by far that has been introduced from France in the past five years. Price, 15 cents each; large two-year-old plants, 35 cents each.

MAMAN COCHET.

THE BEAUTIFUL NEW ROSE,

**Inconstant Beauty.**

(See illustration page 2.)

The rose of many colors—from yellow to crimson. This new ever-blooming rose from France is very remarkable in many respects, but the most notable is its ability to change its color. This rose is almost identical with "Child's Jewel," but we believe a much better rose. We have seen bushes of this wonderful variety bearing at the same time coppery-yellow, deep rose, blush pink, mottled yellow and apricot, light and dark crimson roses. These beautiful colors will sometimes be mottled in a single flower. A plant of this beautiful rose, when in full bloom, presents a sight that is at once novel and pleasing. The buds and flowers are large, delightfully fragrant, and, as may be imagined, are exquisitely beautiful. It is a Tea Rose, and is, therefore, a constant bloomer. Its fragrance is delicious, and it being a vigorous grower makes it valuable for garden culture. Price, 15 cents; large two-year-old plants, 35 cents.

**The Superb New Scarlet  
Rose**

**CLIMBING WOOTON.**

This elegant new Climbing Hybrid Tea Rose is one which promises to be a prime favorite wherever introduced. Everything good that can be said of the grand rose, Souvenir de Wooton, can be said of this rose, and more, too. The flowers are large and of a beautiful velvety-red color, and the perfume is elegant. Whether open, half open or in bud, the flowers are of fine shape. The flowers are borne at the terminus of long shoots, which render them especially good for cutting, much better, in fact, than the flowers of its parent, Souvenir de Wooton. Price, 15 cents; large two-year-old plants, 30 cents.

Portland, Me., March 5, 1898.

Gentlemen:—I am well satisfied with roses received yesterday in good condition. Respectfully, A. O. C.

The Great Tulip  
Rose of Europe,

**THE BEAUTIFUL  
Md. de Watteville**

This grand new ever-blooming rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy-blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full, and highly perfumed. This is the Tulip Rose, so called because of the feathery shading of bright rose around the edge of every petal, the body of the petal being creamy-white and of heavy texture. Sure to please. Price, 15 cts. each; two-year-old plants, 30 cts. each.

The Pretty Tea Rose, • • •

**...RAINBOW...**

This new rose from California, which no doubt will be extensively planted, was awarded a silver cup by the State Floral Society. The color is a lovely shade of deep coral-pink, striped and mottled in the most unique manner with intense crimson and elegantly colored with rich golden amber at center and base of petals. It makes beautiful buds, and the flowers are extra large, very sweet and of great depth and substance. Price, 10 cents each; large plants, 25 cents each.

New Tea Rose

**SNOW FLAKE.**

It is a lovely new white Tea—the freest flowering rose we have ever seen. The rose was introduced by C. Straus & Co., of Washington, D. C., and by them grown in large quantities for cut-flowers, they claiming it the most profitable white rose they grow; that they had counted one hundred and fifty-three buds and flowers on one plant in a single day, and the plant less than a year old. Nice young plants of this novelty for 10 cts. each; large plants, 25 cts. each.

MD. DE WATTEVILLE. (The Tulip Rose.)

**NEW HYBRID TEA ROSE,  
MADAME SCHWALLER.**

The color is a bright rosy-flesh, paler at the base of the petals and deepening on the edges. Apt to come in clusters, which are excellent for cutting. A rose from which we hear very flattering reports from all directions. This grand rose has more perfume than any that we offer. Try it. It is magnificent. Price, 10 cents each; large two-year-old plants, 25 cents each.

**New Tea Rose, THE QUEEN,**

A most charming Tea Rose. The offspring of that fine old rose, Souvenir d'Ami, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proved valuable, both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white ever-blooming roses. Price, 15 cents each; two-year plants, 30 cents.

Kendallville, Ind., May 10, 1898.

Gentlemen:—The roses came yesterday. They are very fine; hardly expected such large plants at the price paid.

Yours very truly,

P. B.

**TWO UNEQUALED ROSES,**  
**The Bride and Bridesmaid.**

Price 10 cents each; large two-year-old plants for 50 cents.

**WHITE TEA ROSE, THE BRIDE.**

This is decidedly the most beautiful white Tea Rose. It is a sport from Catherine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. During extreme hot weather it becomes a pinkish-white, at other times a beautiful pure white. Price, 10 cents each; large plants, 25 cents each.

**NEW TEA ROSE, BRIDESMAID.**

Here we have a new rose, a sport from that old stand-by, Catherine Mermet. All know that Catherine Mermet takes precedence as a pink rose. More plants of it are cultivated by the amateur, and more cut bloom is sold by the flower dealer than any pink rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color—just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. Price, 10 cents each; large two-year-old plants, 30 cents.

**BRIDESMAID.**

The Beautiful Memorial Rose,

**Rosa Wichuriana.**

This hardy and lasting rose creeps over the ground like Ivy. The leaves are glossy, dark green and handsomely notched. The flowers, which are borne very profusely during July, are large, pure white, single, with yellow center, and have a strong, wild rose fragrance. It is one of the very best plants for rock work, embankments, slopes, cemeteries, etc. Price, 10 cents; two-year-old plants, 25 cents each.

**CHAMPION OF  
 THE WORLD.**

This is in all-around good qualities the greatest ever-blooming rose in cultivation, especially for winter blooming. It is the champion bloomer. It commences to bloom as soon as potted from the propagating bench, and continues in the greatest profusion all the time, both summer and winter. It is claimed that one plant of it will produce more flowers during the year than ten plants of any Tea Rose. It is always in full bloom. Plants which have bloomed all summer in the garden may be potted in the autumn, and they will immediately start new growth, and bloom profusely all winter in any window. The blossoms are perfectly double

to the center, and of the most perfect shape, both in bud and blossom, while its color is a degree of loveliness which few roses can equal, being a rich, deep, rosy-pink, darker and richer than Hermosa, and a shade the delicate richness of which is seldom seen. Its size is very large for an ever-bloomer, often as large and fine as La France or the best Hybrid Perpetual. For winter blooming this rose surpasses all others. It will flourish and bloom profusely where all other sorts fail, and is just what has long been wanted—a fine, free flowering rose for window culture during winter. Price, 15 cents each; large two-year-old plants, 35 cents each.

Amsterdam, N. Y., Apr. 5, '98.

Dear Sirs:—The roses received yesterday look well. I am very much pleased with them and will send you more orders. Thanks for promptness.

Yours truly,

DAVID W.

CHAMPION OF THE WORLD.

## A Set of Crimson ...Beauties in ROSES

The Grandest of all, The Meteor.

A velvety-red ever-bloomer of the deepest glowing crimson, as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. A beautiful open rose, a free bloomer and a very excellent pot rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy, bright foliage of the deepest green. This is unquestionably the best dark velvety-red rose yet produced. Grand, both in bud and flower. Price, 15 cents each; large two-year-old plants, 35 cents each.

### The Beautiful New Crimson Bedding Rose, Marion Dingee.

This grand new rose was raised from seed of the beautiful Countess de Casserta crossed with Duchess of Edinburgh. Marion Dingee promises to be of extraordinary value. It is a strong, vigorous grower, making a handsome, graceful bush, with large, thick deep green leaves. The flowers are large, beautifully cup-shaped. It is a deep brilliant crimson, one of the darkest, if not the very darkest and richest colored Tea Rose in existence. Price, 15 cents each; two-year-old plants, 35 cents each.

### New Red Tea Rose, Princess Hohenzollern.

A very strong, vigorous grower, with beautiful foliage, dark and large; flowers very large, more than semi-double, of perfect form, often produced in clusters. Color a bright, deep, satiny-red, with lighter center. Price, 15 cents each; large plants, 30 cents each.

THE METEOR.

### The Queen of Bedding Roses, CRIMSON BEDDER.

This is without doubt the very best of all red roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery-scarlet, a color seldom seen in roses; indeed, a bed of this rose produces a mass of red equal to a bed of Geraniums. It is planted everywhere on account of its color and freedom of bloom. Price, 10 cents each; large two-year-old plants, 30 cents each.

### New Crimson Tea Rose,

#### CHRISTINE DE NOUE.

This beautiful new red Tea is a very charming rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright, deep green foliage; a constant and very free bloomer; the flowers are well-borne upon strong stems, and are unusually large and handsome; the buds are long and finely pointed, and the color a clear, rich maroon, or deep purplish-red, passing to lake, center sometimes streaked with silvery-white; the petals are finely imbricated, and the flowers are deliciously sweet. It is highly recommended as a valuable and in every way desirable rose for general planting. Price, 15 cents each; large two-year-old plants, 40 cents each.

#### SPECIAL OFFER.

A set of Crimson Beauties in Roses for 50 cents; large two-year old plants \$1.50. Remember, no discount on this offer.

THE NEW . . . . .

## WICHURIANA ROSES.

These charming roses are of the same creeping habit as Rosa Wichuriana, trailing over the ground or creeping about the trunks of trees and pillars with delightful effect. They are beautiful for their foliage alone, which is finely cut, thick and leathery, brilliant deep glossy-green, keeping in perfection until midwinter. The flowers are exquisitely beautiful, deliciously fragrant, and borne in the greatest profusion. These roses are of intense hardiness, and succeed in all soils, even on the poorest and driest conceivable.

**Manda's Triumph**—The gem of the collection and may well be called the Double Memorial Rose. Very large, double flowers, fully two inches across, pure white, finely formed and sweetly fragrant, borne in large clusters.

**Pink Roamer**—This, in its flower, possesses the characteristics of the Sweet Briar, which is undoubtedly one of its parents, whilst its vigorous growth and handsome luxuriant foliage are those of the Wichuriana type. Its beautiful flowers are single, very large, brilliant rich pink with prominent orange red stamens, and delightfully sweet scented.

**South Orange Perfection**—A charming little plant growing close to the ground, a free Rambler, covered with the greatest profusion of perfectly formed, double flowers, one and one-half inches in diameter, of a lovely, soft blush-pink changing to white, which continues for a long time in perfect condition. It is a perfect gem, both in plant and flower.

**Universal Favorite**—The strongest grower of them all, producing long, branching shoots and dense green foliage. The blooms, too, are very abundant, of large size, double, of a beautiful rosy-pink, like that of Bridesmaid, and delightfully fragrant. It is a splendid rose for outdoor decoration.

Price, 15 cents each; a set of the four for 50 cents; strong two-year old plants, set of four for \$1.00.

### The Charming New Yellow Rose, "MOSELLA"—The Yellow Soupert.

It blooms in profuse clusters of three to five flowers, which are very double, ball-shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. The plant is dwarf, bushy and free blooming. Offered for the first time this year. It is sure to be a popular companion to the original Clothilde Soupert. Price, 10 cents each; two-year-old plants, 30 cents each.

Fine Crimson Tea Rose.

### PAPA GONTIER.

A grand red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is fine size and graceful form, and you would never suspect from it that the rose is only semi-double. Extremely free, both in growth and bloom. Very long and beautifully leaved stems can be cut, the foliage being very dark and heavy. One of the best, and a perfect bedder. Price, 10 cents each; large two-year-old plants, 25 cents each.

PAPA GONTIER.

Gentlemen:—The roses which I received yesterday surpassed in quantity and quality all that I ever received, and were far beyond my expectations.

Franklin, Tenn., Sept. 28, 1893.  
Gratefully yours,  
MRS. A. M. G.

WHITE RAMBLER.

The Famous New Hardy  
Climbing Rose . . .

# Crimson Rambler.

The plant is of a very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. One of the striking characteristics of this rose is its remarkable color, which is of the brightest crimson, which remains undimmed to the end, showing none of the objectionable purplish tint so common in crimson roses. The flowers are produced in great pyramidal panicles, or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one and a half inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. The foliage is a bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the tests in exposed situations of two very severe winters in England. It is hardy in every latitude yet tried as far north as the lakes. As a decorative pot plant it cannot be excelled. We can recommend this novelty in the strongest manner as being a new rose of great importance and value. This rose received gold medals from the National Rose Society, of England, and the National Horticultural Society, of France, the International Exposition at Earl's Court, as well as numerous first-class certificates. There has no rose ever been introduced up to the present time that has had as much written and said about it as this famous rose, and of course everybody will have to have one or more plants of it. We have an immense stock of it in perfect health, so that all who purchase of us will be pleased. Price, 10 cents each; splendid two-year-old plants, 30 cents each; two for 50 cents.

## The Beautiful New White Climber, WHITE RAMBLER.

Of German origin and in habit of growth, foliage, manner of blooming, form of flowers and hardiness it is said to be identical with Crimson Rambler, of which it is a blood relative, but that the flowers are pure snow white and sweetly scented—which the flowers of Crimson Rambler are not. The flowers remain on the bush from three to five weeks; beautiful to behold. Price 10 cents each, two year old plants 25 cts. each.

## Charming New Hardy Climbing Rose, PINK RAMBLER.

Originated by the same gentleman who produced White Rambler, Mr. Peter Lambert, and is of the same blood. What is said of White Rambler applies equally to this, except the color of the flowers is pure shiny rose—the partially open buds being bright, light carmine, thus producing a strong and pleasing contrast. "The numerous yellow stamens lend an additional charm to the flower. In hardiness, freedom of bloom, form and color of flower and vigorous climbing habit, this variety is fully the equal of Crimson Rambler." Price, 10 cents each; two-year plants, 25 cents.

## The New Hardy Yellow Climbing Rose, YELLOW RAMBLER.

The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of the Crimson Rambler. The color is a decided yellow. Many roses which are described as yellow have really only a creamy tinge, but the Yellow Rambler is clear, decided yellow. The flowers are very sweet scented. The habit of growth is very vigorous, well established plants often making shoots of from eight to ten feet in height in a single season. The plants do not bloom at quite so early an age as the Crimson Rambler, but as soon as well established they more than make up for this by the magnificence of the flowers they produce. Price, 10 cents each; two-year plants, 25 cents.

CRIMSON RAMBLER.

**SPECIAL OFFER:** The four Ramblers for 30 cents. Large two-year plants, the four for \$1.00.

MRS. DE GRAW.

## The Golden Yellow Tea Rose,

*MEDIA.*

We place this elegant Rose first in the list of new Roses for several reasons. In color it is a deep, golden-yellow. There is no denying the fact that yellow and white Roses are admired by everyone, but the yellow has the more admirers of the two. The size and shape is all that could be desired, full, round flowers of the largest size, perfectly double to the center, and the fragrance is elegant. The growth is vigorous, while the foliage is of that beautiful tint of green that goes so well with yellow. If you have heretofore been disappointed in getting a yellow Rose that pleased you in particular, don't fail to try this one, as it will not only win your favor, but retain it. Price, 15 cents each; large plants, 25c. each.

## The Fine Pink Tea Rose,

*CATHERINE MERMET.*

One of the finest Roses grown. Its name is the synonym for all that is delicate and beautiful. Its buds are inimitable, faultless in form and charming in their every shade of color, from the purest silvery-rose to the exquisite combining of yellow and rose, which illumines the base of the petals. It is, beyond doubt, the Rose of all Roses, and you should not fail to have a Mermet in your collection. Price, 10 cents each; two-year-old plants, 25 cents each.

## New Tea Rose,

*SOUV. DE VICTOR HUGO.*

A bright China Rose, with coppery-yellow center, ends of petals suffused with carmine. A charmingly beautiful combination of coloring, as each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit. The relationship to Duchess de Brabant assures of a free bloomer, and in size and length of bud equal to the best Teas. Of decided merit. Price, 10 cents each; large two-year-old plants, 30 cents each.

## The Best Pure White Tea Rose for Bedding

*MARIE GUILLOT.*

This beautiful Tea Rose continues in popular favor, and still maintains its position as one of the best white Roses of its class. Flowers of an unusual style, entirely double to the center; very sweet-scented. Habit of growth the best. Price, 10 cents each; large two-year-old plants, 25 cents each.

HARDY, EVER-BLOOMING  
ROSE

## MRS. De GRAW.

Everyone wants a hardy, ever blooming Rose, and when our attention was called to this grand variety we at once took steps to procure a stock of it. Following our usual practice, we gave it a thorough trial before offering it, and we are glad to say that it has fully justified the high opinion formed of it when first seen by us. It is with the greatest pleasure, therefore, we announce to our customers that we can confidently recommend it as being entirely hardy, equaling the tender sorts in profusion of bloom. From early Summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses; thus it is certain to be unequalled for the garden or cemetery. A Royal Rose. It is a wonderfully prolific blooming variety. Every shoot is loaded with flowers. Price 15 cents each; two-year-old plants, 30 cents each.

MARIE GUILLOT.

Gentlemen:

The Roses came in fine condition, and were finer than I expected. Thanks for extras.

Bangor, Maine, May 17, '98

Very Respectfully,  
Mrs. Dr. F. H. C.

MAURICE ROUVIER.

**NEW EVER-BLOOMING ROSE,  
CLIMBING PERLE DES JARDINS.**

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur rose growers alike as the Perle des Jardins. It is not only admirably adapted for forcing, but thrives well in the open air, blooming freely in either case. Its large, full, well-formed, golden-yellow flowers, borne on stiff stems, make this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate-hued blossoms. Climbing Perle is even more vigorous and floriferous than the bush form. It is hardy in the South. Price, 15 cents each; large two-year-old plants, 30 cents each.

**New American Rose,  
SENATOR McNAUGHTON.  
(White Perle des Jardins.)**

This fine white Rose originated with Mr. Jos. Bevis, of Philadelphia, as a sport from Perle, and is a grand variety. In foliage and growth, it is identical with Perle; the flowers are of the same form and size, while the color is an ivory white of great purity. This variety will prove invaluable to rose-growers, for it is of the same easy management as the Perle, requiring the same temperature and treatment; and if there is a difference in freedom of bloom, it is in favor of Senator McNaughton. Price, 15 cents each; two-year-old plants, 30 cents each.

**The Famous Hardy Ever-Bloomer,  
CLOTHILDE SOUPERT.**

This Rose originated with Messrs. Soupert & Notting, of Luxembourg, Belgium. It is a strong, vigorous grower. The flowers are large, double and beautiful in form, with style of the beautiful Rose "Ball of Snow." The flowers are borne in sprays, and the color blends from a soft shell-pink to a pure satiny-white. Roses with both these colors are borne on the same plant at the same time. No other Rose approaches it in flowering qualities. Price, 10 cents each; large plants, 30 cents each.

**The Superb Yellow Rose, MARECHAL NIEL.**

The most popular of all. A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at a time. It is almost universally held to be the finest climber for indoors or out, where the climate admits of its cultivation. This is one of the Roses that starts rather slowly, and for that reason the best success will be had with the plants priced at 25 and 50 cents, although one of our customers wrote us from Louisiana that a small 10 cent Marechal Niel bought of us in the Spring, made strong shoots thirty feet in height by fall. Price, nice, well established plants, 15 cents each; large fine two year plants, 35 cents.

**The Grand Old Rose, SOUVENIR DE LA MALMAISON.**

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich flesh-colored flowers are of immense size, double to the center, are produced in abundance, and have the requisite form and substance to withstand our hot, dry Summers. Exquisitely fragrant. A noble Rose. Price, 10 cents each; large two-year-old plants, 30 cents each.

**New Tea Rose, MAURICE BOUVIER.**

One of the distinguishing characteristics of this superb new Rose is its enormous size—the flowers are immense; fine globular form, very full and exceedingly sweet; the color is bright pinkish rose, elegantly tinted with shades of buff, prettily veined with deep shining crimson, while many of the petals have a wide border of silvery-white, which gives the flower a lighter effect than the color would indicate. It is a good, strong grower and most prolific bloomer, well worthy of high commendation. Price 10 cents each; large two-year-old plants 30 cents each.

CLOTHILDE SOUPERT.

Gentlemen: The Roses came yesterday in good shape, and I am well pleased.

Yours Respectfully,

Mrs. L. R.

Corry, Pa., Apr. 24, '93

**The Premier Bedding Rose, QUEEN'S SCARLET.**

This is, without doubt, the very best of all red roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery-scarlet, a color seldom seen in roses. Indeed, a bed of this rose produces a mass of red equal to a bed of Geraniums. It is planted everywhere on account of its color and freedom of bloom. None better. Try it. Price, 10 cents each; large two-year-old plants, 25 cents each.

**New Tea Rose, MADEMOISELLE FRANCISKA KRUGER.**

The striking color of this handsome rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shadings of deep coppery-yellow, it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. Price, 10 cents each; large plants, 25 cents each.

**New Tea Rose, GUSTAVE NADAUD.**

A free branching grower, with large, double flowers. The outside petals are large and rounded, giving it an exquisite cup shape. Color vermillion, with clear touches of carmine lake and soft pink center. Price, 10 cents each; large plants, 25 cents each.

**New Beautiful Tea Rose, MADEMOISELLE CECILE BERTHOD.**

Most beautiful, both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any rose we grow. The foliage is very bright. This is a rose of magnificent size and color. We grow of this variety alone over fifty thousand, which is an evidence of how we prize it. Altogether a grand rose, and always in bloom. Price, 10 cents each; large two-year-old plants, 25 cents each.

MADEMOISELLE CECILE BERTHOD.

## The Three Hermosa Roses

For 30 cts.; large two-year size 75 cts. No further discount on this offer.

**The White Hermosa, Marie Lambert**—This is a lovely white rose, a pure Tea, but a foreign seedling; the freest flowering white rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot rose. We counted on one plant 143 buds and flowers in a single day, and the plant was only 9 months old. Try it. Price, 15 cents each; large plants, 30 cents each.

**Yellow Hermosa Rose, Coquette de Lyon**—No rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow rose, large, not at all formal, but very attractive. Called the Yellow Hermosa from its free-flowering character. We do not know of any rose that will give the satisfaction that this variety will and we heartily recommend it. Price, 15 cents each; large plants, 30 cents each.

**The Old Ever-Blooming Rose, Hermosa**—We believe the Hermosa is the best known in the entire rose family, and a universal favorite. Hardy as a lilac bush and as free-flowering as the Geranium; it combines everything most desirable in a rose. The flower is cupped, finely formed and full, color most pleasing shade of pink, soft but deep, very fragrant. Price, 10 cents each; large plants, 25 cents each.

WHITE HERMOSA.

For every dollar's worth of plants you order you may select from this Catalogue 20 cents' worth of extra plants as premiums, except on special offers or collections, on which this offer does not apply.

## NEW ROSE,

**The Gem, or The Fair Unknown.**

This Rose is identical with Marie Van Houtte, except that it is claimed to be twice the size. We have seen enough to know that it will do to talk about and praise. Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy crimson. Occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms freely and is most deliciously scented. In cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 15 cents each; large two year-old plants, 25 cents each.

**The Waban, or Carmine Mermet.**

In foliage and vigor it resembles its parent. Flowers borne on long stems, in form somewhat larger and exceeding in size and number of its petals. Color carmine-pink (when we say "carmine" we mean all that the word implies), shaded brilliantly on the outside petals, color increasing in intensity toward the end of petals, and approaching the center of the bud, each petal increases in intensity of color. Reflex petals more delicate in color, but shaded stronger at the end of the petal. It has received the silver medal of the Massachusetts Horticultural Society, and a certificate of merit from the Pennsylvania Horticultural Society, where it has been exhibited as an extra fine new Rose. Price, 10 cents each; large plants, 35 cents each.

THE GEM, OR FAIR UNKNOWN.

## NEW EVER-BLOOMING ROSE,

**Climbing Malmaison.**

A "sport" from the well-known Souvenir de la Malmaison, similar in flower and foliage to its parent, but of exceedingly robust, climbing habit. There is no finer Rose than the old well-known Malmaison, or "Souvenir," of the South, and we are sure that our patrons, one and all, will be glad to hear that we have a climbing variety that is identical with the parent. This variety will prove of inestimable value to all lovers of fine climbing Roses. It is perfectly hardy south of Washington, D. C. Price, 15 cents each; large two-year-old plants, 40 cents each.

## SUPERB NEW TEA ROSE,

**J. B. VARRONE.**

There is no question about this being a truly splendid Rose. It has the form, color and substance of those very choice and valuable varieties which only come occasionally. Superb elongated buds, and extra large, vase-shaped blooms. Color an intensely scarlet-crimson, very rich and bright, beautifully shaded with salmon-yellow or buff-rose at center. Very beautiful and sweet. See illustration. Price, 15 cents each; large two-year-old plants, 30 cents each.

.....  
Norwich, N. Y., Mar. 16, '98.

Gentlemen:—The Roses received yesterday in good condition. They are the stockiest little plants, and the nicest bunch of roots that I ever saw on Roses at that price. Respectfully,

MRS. I. H. F.

J. B. VARRONE.

## Beautiful La France Roses.

LA FRANCE.

### The Red La France.

(Or Duchess of Albany.)

We have no hesitancy in saying to our customers that this Rose stands at the head of all Roses, not excepting La France. What we wish to impress is the fact that as a Rose for all purposes it has no peer. It is identical with La France, excepting in three points. Those are: A more vigorous growth, a larger and more expanded flower, and a deep, even pink in color; not shaded, but what is called a solid color. Price, 15 cents; large size, 30 cents.

### Striped La France.

(Madame Angeliue Veyssset.)

Everybody knows the beautiful La France—a Rose that has always had such a ready sale that the demand has never been fully met. Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower; in fact, differs from it only in two points: First, it is freer in bloom than the parent; second, it is nicely striped, the markings being plain and distinct, the variegation a beautiful bright rose on a satin-pink ground. Price, 15 cents; large size, 30 cents each.

### Pink La France.

We have always given this the first place—the Queen of Roses. Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost, and extolling its fragrance and immense size. It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silvery-rose shades, with pink. It has a satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored and fragrant in the highest degree. Price, 10 cents each; large size, 30 cents each.

### White La France.

(Augustine Guinnoiseau.)

Here we have a beauty indeed, one we recommend to all, whether for out-door culture or for pots in the house in Winter. If you were to ask us to select six of the very finest Roses for you, we should be sure to include it in the six. Do you know La France? If so, you know this elegant new Rose. It is identical with La France, except the color. It is pearly-white, sometimes tinted with fawn. We predict for it far more popularity than La France ever attained. Don't fail to get this new Rose. Price, 15 cents; large size, 30 cents.

**SPECIAL OFFER:—The four La France Roses for 40 cents; two-year size, \$1.00.**

Knoxville, Ala., Jan. 27, '98.

Gentlemen:—The Roses I received are much finer than I expected. They are fresh and thrifty.

Respectfully,

JENNIE S.

## HARDY EVER-BLOOMING ROSES.

## OUR "NONE-SUCH" COLLECTION

OF 12 HARDY EVER-BLOOMING ROSES FOR 50 CENTS.

We have combined in this collection only such kinds as bloom freely, and that will stand zero weather. No change will be made in the collection. It must be ordered complete.

**Meteor**—A velvety-red ever-bloomer of the deepest glowing crimson, as fine as a Hybrid. A beautiful open Rose, a free bloomer, and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy, bright foliage of the deepest green. The best rich red Rose for the garden ever introduced. Price, 10 cents each.

**Marie Lambert, or White Hermosa**—Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. This Rose is fast becoming popular, as there is no better white Rose. Price, 10 cents each.

**Papa Gontier**—Large, finely formed buds and flowers, fragrant. This variety will be much sought after on account of its beautiful and full buds for wearing and vases. The flowers are large and long, with thick, broad petals of a dark carmine-crimson, changing to pale rose. A bunch of flowers, when fully opened, is almost equal to a bunch of Hybrids. Price, 10 cents.

## Hardy Roses=Hybrid Perpetuals.

WHEN you plant Hybrid Perpetuals you may be quite certain of having Roses every year without further trouble. Though called perpetual, it must be understood that they are not such early and constant bloomers as the Ever-Blooming Roses. The Hybrid Perpetual should not be ordered for house culture, as they are not suitable for that purpose. Do not become impatient if your plantings of these do not bloom the first season. Give them a chance to become established. These Roses are especially suited to plant in all the Northern States and Territories; also in the colder parts of the states of Virginia, W. Virginia, Kentucky, Tennessee, N. Carolina, Arkansas, Missouri, etc.

### THE PURE WHITE HARDY ROSE—BALL OF SNOW.

(Boule de Neige.)

Price, 15 cents each; large two-year-old plants, 35 cents.

A Bed of Dinsmore Roses.

**THE GREAT HARDY ROSE,  
DINSMORE.**

We quote the introducer's description: "For years we have been looking for a variety which had all the desirable qualities of a bedding Rose—i. e., one which was of good color, fine form, a profuse bloomer, and which would stand the rigor of our Northern Winters without protection; and we can conscientiously say, that until the 'Dinsmore' was produced there was none, to our knowledge, which combined all these qualities. It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all summer long, being even more profuse than most of the tender 'ever-blooming' Roses. The flowers are large, perfectly double, and of a dazzling, scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses." **THE BEAUTIFUL NEW HARDY PERPETUAL-BLOOMING ROSE,  
CAPTAIN CHRISTY.**

**THE WONDERFUL NEW CLIMBING ROSE,****Empress of China,**

This is a new Climbing Rose of the greatest excellence. It was brought to this country by a gentleman from Cuba, who says of it that it commences to bloom in May, and is loaded with its elegant blooms until December. Think of it! There is no other Rose like it that will bloom for so long a time. This has been the great objection to Climbing Roses, that they bloom once and then are done. But here we have a Rose that blooms continuously for over seven months of the year. It is simply wonderful. When it first opens the flowers are a beautiful red, but soon turn to a lovely light pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy, and is a vigorous grower. Don't fail to try this beautiful Rose, as it will please you. Price, 10 cents; two-year plants, 25 cents.

**Moss Roses.**

Who does not admire moss roses? Their mossy buds are the very symbol of beauty and elegance. Nearly all the varieties are strong, robust growers, perfectly hardy and deserve rich culture. They are not easily propagated, and, therefore, the price will always be higher than that of other roses. There are perpetual bloomers, which, highly cultivated, will give two or three flowers to the other one's crop; but the prettiest flowers are found among the annual bloomers. Price, 15 cents each. We have large two-year-old plants for immediate effect, at 35 cents each; three for \$1.00.

**Blanche**—Large, pure white, well mossed.

## Double Geraniums.

THIS PAGE OF GERANIUMS FOR \$1.00 POST-PAID.

**THE MARVELOUS  
BEAUTE POITEVINE.**

It is a perfect marvel among Geraniums, and is the best of the new dwarf-grown sorts. It is very dwarf and compact, and of a very branching habit. The flowers are produced in the greatest profusion upon large sized trusses, and the color is like the beautiful Aurora, unique and changeable, some trusses being of a deep rosy-salmon, streaked and veined carmine, with deep magenta color; others with the outer petals almost a pearly white, with carmine color. Price, 10 cents; twelve for \$1.

**THE LOVELY DOUBLE PINK GERANIUM,  
EMILE DE GIRARDIN.**

No one who has not seen this lovely pink Geranium as it is grown in the beds and borders of the Northern parks can imagine the beauty that lies in a flower of that color. Of a deep, soft rose, rather than pink, but fresh and bright, the flowers are perfect in form and borne well and clear above the foliage. It stands the sun perfectly and is, in our opinion, the finest double variety of any color for massing, when a delicate and artistic effect is desired. Price, 10 cents each; twelve for \$1.

**THE FINE PURE WHITE GERANIUM,  
LA FAVORITE.**

The flowers are borne in large trusses, of the purest snow-white, retains this pure whiteness even in the height of Summer, and for Winter blooming is all that can be desired. Price, 10 cents; twelve for \$1.

**THE BEAUTIFUL ROSE COLORED GERANIUM,  
THEOCRITE.**

Its colorings are simply without an equal, a soft, tender rose with violet shadings, entirely distinct from any other variety in coloring. Another characteristic of this new Geranium is its heavy, dense foliage, neatly zoned, and stands our hot sun admirably, and for bedding, is without a rival. Price, 10 cents; twelve for \$1.

**DOUBLE SCARLET GERANIUM,  
FIRE BRAND.**

Color dazzling flame-scarlet; fine, prominent truss; flowers large and of great substance; an excellent bedder and pot plant. For planting in masses we have none to equal it. Another thing in its favor, it takes fewer plants because of its sturdy, branching habit, to give effect. Price, 10 cents each; twelve for \$1.

**THE GREAT DOUBLE GERANIUM,  
BRUANT.**

The giant among Geraniums. We consider this the best bedding Geranium of all varieties. The plant abounds in vigor; foliage strong, striking and of perfect habit. Color of the flower is a bright vermilion-red of most striking shade. The flowers are absolutely perfect in shape, color and make-up; trusses exceptionally large, and borne in immense spherical balls, often measuring eight inches in diameter. **BEAUTIFUL CEMETERY GERANIUM,  
WHITE SWAN.**

In the White Swan we have the finest double white Geranium ever introduced, and, unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. It is a dwarf, compact-growing variety, with handsome, banded foliage, of a light, healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses and are spotless, snowy white, retaining their pure whiteness even in the heat of Summer. Price, 10 cents; twelve for \$1.

**THE CHARMING DOUBLE GERANIUM,  
PINK BEAUTY.**

Is remarkable for its stout, robust growth, and for its immense trusses of bloom. The foliage is very large and of a light green color, with a band of dark green encircling each leaf. The flowers are borne on bold trusses of enormous size, almost spherical, and as many as sixty florets have been counted on a single truss. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy white. Price, 10 cents; twelve for \$1.

**NEW GOLDEN ORANGE GERANIUM,  
DOUBLE GUINEA.**

Golden orange shade, of the most brilliant hue. The flowers are of the largest size, most perfectly shaped, in large trusses, opening freely at all seasons. The habit and growth is as free and robust as in any other variety. It is well marked in character and distinctness. Price, 10 cents; twelve for \$1.

**A FINE NEW APRICOT-TINTED GERANIUM,  
M. LOCKRAY.**

This new variety has wonderfully large flowers of the semi-double type that is so effective. The color is a peculiar apricot-salmon in center, diverging to a lighter hue, sometimes almost white on the edge. The trusses are of immense size, the individual flowers are very perfect, although making one of the best new Geraniums. Price, 10 cents; twelve for \$1.

**NEW GERANIUM,  
J. J. HARRISON.**

For a brilliant display of bright scarlet we know of nothing to equal this. Bruant and Heteranthe have for years been considered our best scarlet bedding Geraniums, but in this variety we have equally as good a bloomer, and one that stands a hot, dry climate fully as well, and produces flowers nearly double the size. Color rich, brilliant scarlet, very bright and showy, semi-double. Price 10 cents; twelve for \$1.

**THE GLORIOUS NEW GERANIUM,  
JOHN DOYLE.**

This remarkable new Geranium is a cross between Grand Chancellor and Bruant, and is destined to take the most prominent place in bedding or pot Geraniums. It has been tested for three seasons and is found to be superior to any of the Bruant type. It is a strong, vigorous grower, throwing its truss up well above the foliage, of enormous size, and of the richest, brilliant, vermilion-scarlet. It is a phenomenal bloomer, as it will produce more bloom than any Geranium we grow. Don't fail to order at least one of these beautiful Geraniums. Price, 10 cents; twelve for \$1.00.

Basile, La., April 11, 1898.

## The Famous Single Geranium, **The Wonder.**

This new Geranium, without doubt the finest that has ever been offered, came from France in a lot of fine sorts, and is supposed to be a sport from the scarlet Geranium, Athlete. It being so intense in color, such a wonderful bloomer and strong grower that it was kept separate and styled "The Wonder," from the fact that every one who saw it pronounced it wonderful. The artist has copied exactly in size an ordinary floret. The flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, measuring from eighteen to twenty inches in circumference, with single florets measuring seven inches in circumference. As a pot plant or bedding Geranium it has no equal. Price, 10 cents each; 12 for \$1.

### THE MARVELOUS—BEAUTE POITEVINE.

It is a perfect marvel among Geraniums, and is the best of the new dwarf sorts. It is very dwarf and compact, and of a very branching habit. The flowers are produced in the greatest profusion upon large-sized trusses, and the color is like the most beautiful Aurora, unique and changeable, some trusses being of a deep rosy-salmon, streaked and veined carmine, with deep magenta color; others with the outer petals almost a pearly-white, with carmine color. Price, 10 cents; twelve for \$1.00.

### THE INCOMPARABLE SINGLE-FLOWERED SALMON GERANIUM,

#### MRS. E. G. HILL.

There has never been a salmon-colored Geranium to equal this, although it has been introduced some four years, and it is rarely offered in wholesale lists, because it is at once picked up by market-growers. For those unacquainted with the variety we would say it is a most distinct and pleasing shade of salmon, with light shading to the center. The finest salmon-flowered Geranium to date. Price, 10 cents; twelve for \$1.00.

### THE BEAUTIFUL NEW AUREOLE GERANIUM

#### PIERRE MAEL.

A beautiful distinct sort with large umbels borne well above the foliage on long strong stems. Flowers large and round. The shadings and variegations are novel and distinct. The five petals, widely bordered with a beautiful clear violet carmine, are veined and spotted with white. Plant a strong grower and profuse bloomer. 15 cents.

### The Premier Set of Double Geraniums.

**Alphonse Ricard**—A strong grower, dwarf and branching and producing flowers in great masses. Both floret and truss are of enormous size, single or slightly doubled, and color a brilliant shade of orange-red. M. Bruant recommends this in the highest terms as a bedder. Price, 15 cents.

**Colossus**—Floret quite circular, semi-double; two and a half inches in diameter; truss also fine. The color is very beautiful, a rich shade of rosy-crimson. Very free in bloom. One of the very largest and finest among the double reds. Price, 15 cents each.

**Miss Frances E. Willard**—It is of vigorous growth, the flower stalks are very long, and the flowers are carried well above the foliage; the color is a delicate blush, shaded with pearl-pink.

**Contraste**—Each year Geraniums grow more beautiful; among the most beautiful of new double Geraniums is Contraste. The flowers and trusses are very large. Lower petals orange and carmine, upper petals clear orange, making a striking contrast of colors that is beautiful. Price, 15 cents.

**Theocrite**—A distinct new Geranium of the large-flowered Bruant race, producing very large, semi-double flowers of the most beautiful and unique form. Its colorings are simply without an equal, a soft, tender rose with violet shadings, entirely distinct from any other variety in coloring. Price, 15 cents each.

**Mme. A. Chevreliere**—A queen among double whites; the floret is of the beautiful irregular form found in the Bruant type, very large snow white and a good grower. Flowers well above the foliage, and of perfect habit. Price, 15 cents each.

THE WONDER.

### THE FINE AUREOLE GERANIUM, MAD. BRUANT.

This might with propriety be called the pansy-flowered Geranium, so distinct is it from the ordinary style. The plant is a vigorous grower, making nice compact plants, and very free flowering, producing fine large trusses of blooms in great profusion; individual flowers large, of fine shape, center of flower white, veined with carmine lake, the five petals regularly and distinctly bordered with bright solferino. The arrangement of color is exquisite and entirely new in Geraniums. An excellent variety for pot culture, being a continuous bloomer winter and summer. Price, 10 cents; twelve for \$1.00.

### The Premier Set of Single Geraniums.

**Madonna**—A magnificent bedding variety; trusses are of extraordinary size, of almost pansy form, the color is a soft light pink, a beautiful and distinct shade. This variety has been universally admired by all who have seen it in flower. A variety that will probably never be equaled. Price, 15 cents each.

**Mrs. J. M. Gaar**—Absolutely perfect as a bedding variety; never burns; is of dwarf, compact habit, and in freedom of bloom is superior to all whites, and equal to the best scarlet bedders. It is away ahead of all others, and fills a long-felt want in a white bedder. Price, 15 cents each.

**Blanche Moulas**—The color is a very light salmon, edged about the petals with pure white. This is the finest of the lighter Bruants, and a great improvement on any other of this shade. Price, 15 cents each.

**Aurora Boreale**—Extra large flowers of most beautiful orange-scarlet; fine for massing and one of the showiest and finest of the whole Bruant race, and makes a fine addition to any collection. Price, 15 cents each.

**M. Poirier**—Another magnificent variety that received a first-class certificate at the Royal Horticultural Society. Trusses of enormous size, beautiful carmine-violet color; upper petals marked with rich violet. Exceedingly free-blooming variety. Price, 15 cents each.

**Copernic**—Floret perfectly round; a lively, beautiful shade of rosy-carmine, changing to bright salmon at the base of the petals, with small white eye. Very large truss of florets on long foot-stalks, a very noticeable color, and quite distinct. Price, 15 cents each.

## The Great "Monarch" Set of Ever-Blooming Carnation Pinks.

AS ILLUSTRATED ABOVE.

**1. W. A. Scott**—This is in style of growth between the tall growing Richmond and the more dwarf Spartan. Growth vigorous, very free blooming from early to late; foliage not quite as heavy as that of Richmond. Flowers large and non-bursting, of a deep Grace Wilder pink. Price, 15 cents each.

**2. Eldorado**—Light clear yellow, petals edged with a narrow band of light pink. A strong, vigorous grower with fine healthy foliage; stems of good length, supporting large finely formed flowers. The color shows up well under artificial light, and does not look white, as so many yellows do. Price, 15 cents.

**3. Jubilee**—Is the grandest red Carnation ever brought out. Color intense bright scarlet of the richest shade. Indeed, there is no flower in the whole floral kingdom that has a brighter scarlet than Jubilee. It has taken first premiums over all reds at the Boston Carnation Show, February, 1895; certificate and first prize at Indianapolis; also at Chicago; certificate at Cincinnati. As many as twenty-five open flowers have been counted on a single plant at one time. The flowers are of the largest size, and when in full bloom resemble a large bouquet of dazzling red. Price, 15 cents each.

**4. Golden Fleece**—This is a pure yellow Carnation, of strong growth and very profuse flowering. There is little or no stripe at all in it, being a straight out-and-out deep, rich golden-yellow and almost without any other color whatever, under any circumstances. The florets are large and double as in Buttercup, and taken all in all it is the very best yellow Carnation out. Price, 15 cents each.

**5. Armazindy**—Color snow-white, very lightly penciled scarlet; can almost be used as a white; stem very stiff, slender, and 2 to 3 feet high; the flower is large and never bursts. One of the most profuse bloomers in the whole family, and surpassed by no variety in beauty and in good qualities. We do not know of a single fault, and it certainly "takes" with flower buyers, being always in demand. We recommend this variety above all others to the general public, as it can be used on all occasions when fine cut flowers are needed. Of the easiest management. Price, 15 cents each.

GOLDFINCH.

THE SENSATIONAL  
**Chrysanthemum Set.**

Price, 15 cts.  
each, or the  
set of six for  
75 cts.

MRS. HENRY ROBINSON.

**Mrs. Henry Robinson**—In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms; it is of the most popular style—immense incurving, broad-channeled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat incurved form it gradually changes into a perfect ball of snow, sixteen to eighteen inches in circumference. Winner of twenty-six first prizes. Price, 15 cents each.

**Fisher's Torch**—A fine new Japanese variety. The flowers are of massive size, reflexed, with broad, stiff petals, color deep, rich, velvety crimson, with no shade of brown or chestnut. Flowers borne on strong, stiff stems. The foliage resembles Cullingfordii, but it is much heavier and darker. They grow close up to the flowers, which gives the plant an elegant appearance. It is a fine, strong, clear grower. Price, 20 cents.

**Mrs. Perrin**—Mrs. Perrin, offered to the public for the first time, is the nearest approach to the true pink so long desired. It has slender, stiff stems, a short neck, ornamental foliage. The flower is of globular form, incurved, full, and with a finish as soft as satin. Color rose-pink within, glistening pink without. Recognized wherever shown as the ideal variety in this color. Received first prize wherever shown as best pink; at Boston, Philadelphia and Chicago received the most flattering notices. Everyone who has seen it is loud in praise of the color. A wonderfully clear bright pink, quite free from magenta. Price, 15 cents.

**Miss M. M. Johnson**—Grows scant three feet in height, and perfects three fine flowers to the plant; beautiful foliage, a stiff stem, and deep golden color, together with its fine form and great depth, mark it as a leader among earlies. The flowers were in fine condition for cutting on October 10th, though grown on a low north bed, as we had failed to mark it dwarf the previous year. Price, 15 cents.

**Mrs. Jerome Jones**—This is a fancy cut-flower variety which completely captivated us. It is almost of globular form, of the finest silky finish, and destined to become a standard sort for cutting. The outer petals are a delicate lavender, forming a decided band of color, the inner petals are clear lemon. A plant in bloom has a most beautiful, airy appearance. Price, 15 cents each.

**Golden Wedding**—This is undoubtedly the grandest golden-yellow variety ever introduced and is the marvel of the period. Nothing can exceed the richness of its color; it is unrivaled in this respect. It is a remarkably vigorous grower and has such strength of stem that it carries its great globular flowers erect, giving it a bold majestic appearance. The form of Golden Wedding is unique; the outer petals droop downward in picturesque irregularity, the center of the flowers is built high, with broad petals irregularly overlaid, so that although the flowers are so large they are not heavy, solid-looking like many others. Price, 15 cents each.

SPECIAL OFFER—The full set of these Chrysanthemums for \$1. Cost \$1.80.

Try this set of Chrysanthemums for \$1. You will be wonderfully well pleased.

GEORGE W. CHILDS.

**Helen Bloodgood**—A striking variety. Unquestionably the most meritorious pink introduced to commerce, being the first true clear pink without a trace or shading of purple or magenta. In form a globe-shaped Japanese, of largest size, with strong and robust habit. Certificate at New York, and this season by the Chrysanthemum Society of America at New York and Philadelphia. Price, 15 cents.

**Niveus**—A splendid snow-white variety. Center irregularly incurving with outer petals reflexing nearly to the stem. Constitution robust, foliage large and abundant, while the keeping qualities of the flowers are unsurpassed. Without doubt the best seedling of the year. Winner of the Gold Medal and \$100. Price, 15 cents.

**Good Gracious**—Another introduction from Japan, and so remarkable for size as to suggest its name; the first sight of it usually brings forth an exclamation of admiration. The color is unique, being a delicate shade of peach-pink throughout. The form is remarkable, the petals are incurved and twisted, overlapping each other in irregular fashion, and resembling talons. Of all the splendid varieties introduced from Japan this is perhaps the most remarkable for size, form and color, and stands alone in its unique beauty, there being nothing at all approaching it. Price, 15 cents.

**The Queen**—This novelty is undoubtedly the finest white variety up to date. It excels all in purity, extra large in size, of beautiful half globular form with broad incurved, shapely petals of great substance; growth robust, with large, smooth, heavy, deep green foliage; carries flowers erect on stiff stem, a grand show flower, and promises to be a very profitable sort for commercial purposes. Winner of the prize at the Madison Square Flower Show for best White. Price, 15 cents.

**Mrs. E. G. Hill**—Specimens of this fine new early pink Chrysanthemum were passed upon by the judges at the World's Fair, and the exhibitor was awarded a medal and diploma, the points noted being earliness, size, form, color and vigor of growth. Price, 15 cents.

**Glory of Pacific**—We predict that this showy variety will rank highly among pink sorts. It is of magnificent size and depth, with broad petals, which finally reflex, showing the clear pink color to excellent advantage. It is of dwarf but vigorous habit; very early large size. Must become a favorite. Price, 10 cents.

**Mutual Friend**—An exceedingly attractive, bold, massive flower, very large incurved, the outer petals drooping, forming almost a perfect flower of the purest white, with extra good stem and fine handsome foliage within four inches of the flower. A grand flower in every way. Certificate of Merit, New York and Philadelphia shows. Price, 15 cents.

**Vivian Morel**—A mammoth variety, with long, loosely arranged petals of a most beautiful shade of pink; a strong, sturdy grower, with deep green foliage; contour very distinct from any other in common. Price, 15 cents.

**Major Bonnafon**—Soft, clear yellow, full in the center, eight inches in diameter and nearly as deep. In perfect form and finish, habit dwarf, keeping qualities excellent. It is entirely distinct in color and form from Eugene Dailedouze. It was awarded a World's Fair Medal with the highest recommendations from the judges; has won ten first prizes. Price, 15 cents each.

**George W. Childs**—No Chrysanthemum created such a sensation as did this, when exhibited at Orange, N. J., and Philadelphia last year. The flowers are of massive size, reflexed, with broad, stiff petals; color deep, rich, velvety crimson, with no shade of brown or chestnut. Flowers born on strong, stiff stems. The foliage resembles Cullingfordii, but it is much heavier and darker. They grow close up to the flowers, which gives the plant an elegant appearance. It is a fine, strong, clear grower. It was awarded the J. R. Pitcher, Esq., gold medal at Orange, N. J.; the silver medal by Pennsylvania Horticultural Society; the medal of excellence, American Institute. It was exhibited at Indianapolis last year over eight inches in diameter. No Chrysanthemum can compare with it for color, size of flower and growth. Price, 15 cents.

**Miss Gladys Spaulding**—One of the best whites extant; a grand spherical Chinese; an improvement on Mrs. R. Craig, both in size and texture of petals. An exceedingly well-built flower, a charming variety, with perfect habit and unusually stiff stem. Awarded Chrysanthemum Society of America's certificate at New York and Philadelphia. Price, 15 cents.

**Marion Henderson**—We cut the first flowers on October 10th, days before any other large yellow was ready, and had perfect flowers to cut a month later. The texture of the flower is such that we have never seen it in the least affected by damp, although other varieties alongside of it were badly affected. We have never seen a symptom of any disease on it. Will be invaluable for early cut flowers, and we believe will occupy the same position among early varieties that Golden Wedding does among late ones. Price, 15 cents.

Tonganoxie, Kans., Feb. 26, 1898.

**Cullingfordii**—Reflexed; exceedingly brilliant crimson, richly shaded with scarlet. Florets are of a beautiful, rich velvety texture. One of the very distinct and noted sorts.

**J. A. Lager**—Reflexed, of great depth. Petals long and twisted, open at the end, of a beautiful pure yellow; one of the most distinct sorts.

**Kioto**—Incurved Japanese variety. The color is deep yellow, with a peculiar waxy luster; petals incurved and twisted; a free bloomer.

**L. Canning**—A most exquisite white, absolutely pure. The flower is quite regular in form, very large and flat, the length of petals graduating to the center.

**Lillian B. Bird**—This beautiful and unique variety is of an exquisite shrimp pink in color, producing flowers which often measure ten inches in diameter; large tubular petals of perfect form when fully open, being an immense half globe.

**Marguerite Jeffords**—A fine spherical flower of bright amber color, of most rich and pleasing shade, one of the notabilities of the year, having secured the Whilldin prize at Philadelphia.

**Maude Dean**—An immense pink variety; finely incurved; petals broad, shell-shaped. One of the largest flowers exhibited in the Fall shows. Almost a pure shell-pink. Received silver medal at Philadelphia, and awarded certificates of merit at New York and Philadelphia.

**Minnie Wanamaker**—Pure snow-white, incurved and perfectly double, with a breadth of petal and grandeur of build that is only found in the best varieties.

**Mrs. I. C. Price**—A lovely yellow, bright as gold; bloom very large; petals long and slender, arranged in a whorl while still incurved, not like any other yellow.

**Mrs. J. G. Whilldin**—A handsome yellow variety of light tint, fine, large size, and splendid form. A magnificent addition to the scarce, very early, large flowering varieties.

**Miss Mary Weightman**—A magnificent and very distinct chrome-yellow; in form loose and feathery, but very large and full. Flowers ten inches across; early; one of the best commercial and exhibition sorts.

**Mme. F. Bergmann**—The finest of all the early whites; very large and full, and of the purest white, with creamy center; a strong, sturdy habit; fine foliage. The most popular white variety with florists for early forcing.

**Mrs. E. D. Adams**—Flower very large; petals of medium width, very long, twisted, the outer ones swirled, as if the flower had been turned swiftly on its stem; color pure white.

**Pink Ivory**—(Miss A. L. Dalskoy.) A sport from Ivory, the most popular of all white Chrysanthemums; it is identical with Ivory in every respect except color, is a beautiful shell-pink.

**Puritan**—This is undoubtedly one of the choicest as well as largest Chrysanthemums grown—as large as Mrs. F. Thompson; a beautiful silvery-white, turning to pure white.

**President Harrison**—An immense cupped flower; outside petals salmon-red; center deep Indian red. Enormous, free and distinct.

**Violet Rose**—A grand variety. Exceedingly free, of perfect form. A beauty combination of violet and rose in color.

**W. H. Lincoln**—A magnificent and immense full double flower, with slightly incurved petals. The color is pure, golden-yellow.

**Yellow Queen**—The finest very early variety, having been cut in fine condition on the 10th of October. Very large, clear bright yellow, with extra stout stem and foliage.

**Latest Fad**—A wonderful curiosity and a peculiar freak of nature. A mammoth bloom, borne on stiff, erect foot-stalks, with ribbon or cord-like petals, eight inches and upwards in length, gracefully falling around the stem like a soldier's plume. Solid to the center. Color rich yellow, at times mottled, striped, and slashed with bright crimson and bronze. Of all the "oddities," this is the most curious and best. Price, 20 cents.

## Ostrich Plume Chrysanthemums.

**Charming New Yellow Ostrich Plume, Perle of Lyonnaise**—Bright clear golden-yellow, somewhat plumed, quite full, one of the very finest; of medium size; beautiful globular form; new. Price, 15 cents each.

**L'Enfant**—(Des d'Mondes.) Pure white. This grand white sport from L. Boehmer was well received, having many admirers at the shows. Like the parent, is a strong grower of good habit, and is considered the best white of the hairy type. Price, 15 cents each.

**Louis Boehmer**—(Pink Ostrich Plume.) The "Louis Boehmer" has the same wonderful hair-like growth or excrescence that appeared for the first time in the white variety, "Mrs. Alpheus Hardy," but it differs from it in color, having a most beautiful shade of lavender-pink. Price, 10 cents each.

**Mrs. Alpheus Hardy**—(Ostrich Plume.) A novelty that has even surpassed its promise; immense, perfectly incurved flower, with broad petals showing a plush like surface, with odd glistening sheen. Price, 10 cents each.

**W. A. Manda**—The flowers are very large, of a clear golden-yellow—the hairy growth being much more fully developed than in the older varieties of this type. It is a much better pot or specimen plant, having a number of flowers on the smallest plants.

**Master of Ostrich Plumes**—This beautiful new variety is of a deep maroon, shaded and marked in scarlet; a decided advance in color and form that adds much to this strange type of flower. Price, 15 cents each.

It gives us much pleasure to offer this grand Fuchsia. Price, 15 cents each.

**4. Lord Beaconsfield**—This is really one of the most charming and desirable Fuchsias in cultivation, and should be better known. This variety is of strong constitution and easily grown. Price, 10 cents each.

MANICATA AUREA.

This variety is an introduction of M. Lemoine, and is a cross between Olbia and Alba Picta. This beautiful sort has the silvery blotches of Alba Picta and the grace and beauty of growth of Olbia. **NEW BEGONIA THURSTONI.**

Sanguinea, having the bright red foliage and veining underneath the leaves, and bright metallic green, shading to red, in the younger growth on top, with the deep veinings of the Metallica and smooth glossy leaves and red stems of the Sanguinea; the flowers are a beautiful deep pink in bud, but when expanded become a beautiful shell pink. TUBEROUS ROOTED BEGONIAS.

**TUBEROUS ROOTED BEGONIAS.**

(See illustration, center of this page.)

These are among the very handsomest of our Summer blooming plants, flowering throughout the season. Nothing can exceed the brilliancy of their colors, the delicacy of their tints, the richness of their waxy flowers, the gorgeousness of their effect in masses, or their graceful appearance in beds or borders. From the time the first blossom appears until all growth is stopped by frost, they are never out of bloom, and such blooms, great waxy flowers from three to five inches across, borne in such profusion that the rich glossy-green foliage is almost hidden under the wealth of blossoms. On the approach of cold weather they should be taken up and the bulbs stored away in a warm place until the Spring, when they may be started in pots before planting in the garden. The double varieties being so much harder to grow, we do not offer them. We can supply them in four distinct colors—scarlet, yellow, pink and white. Price, 15 cents each; two for 25 cents, or the four colors for 40 cents.

**REX BEGONIAS.**

This class of Begonias are grown exclusively for the great beauty of their foliage, which is very large, and beautifully variegated a peculiar silvery-metallic gloss. They are used for pot-plants or wardian cases. They dislike our dry, bright sunshine, and thrive best in a rather shady, warm and moist situation. We grow several of the most beautiful and desirable Rex Begonias in cultivation. Price, all varieties, 15 cents each; four distinct varieties for 50 cents.

REX BEGONIAS.

North Salem, Ind., November 22, 1898.  
Sirs:—The plants arrived in good condition, and were much larger than I expected. I never received finer plants.  
MISS E. L.

ASPARAGUS SPRENGERI.

THREE BEAUTIFUL NEW

## ABUTILONS.

**Eclipse**—A very pretty trailing variety, with large foliage beautifully marked with deep green and yellow. Flowers bright yellow, with crimson throat; fine for vases or large hanging baskets. Price, 10 cents.

**Golden Bells**—A bright golden-yellow Abutilon, of strong, vigorous habit and very free flowering. There have been a number of yellow Abutilons introduced during the past few years, but they all lacked richness of color; the variety now offered combines large size, fine form and depth of coloring. Price, 10 cents.

**Souv. de Bonn**—This is entirely different from anything we have had before in the way of variegated Abutilons. It is a strong, upright grower, with large, bright green foliage, distinctly edged with a broad band of creamy-white and yellow. Flowers very large on stems eight to nine inches in length. Color bright orange-red; very effective with its beautifully variegated foliage. Price, 10 cents.

**SPECIAL OFFER**—The three New Abutilons for 25 cents.

**ABUTILONS**—General collection of the best kinds in form and color; Price, 8 cents; four for 25 cents; all different.

ASPARAGUS PLUMOSUS NANUS.

THE CHARMING NEW DECORATIVE PLANT,

## Asparagus Sprengeri.

When introduced, at a high price, a little over a year ago, this variety was received with some hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations, as, for example, in the decorations of mantels, nothing can equal it. Price, 15 cents.

ARAUCARIA EXCELSA.

### ARAUCARIA EXCELSA.

(NORFOLK ISLAND PINE.)

Various names have been selected for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give any adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. (See cut.) Extra fine plants 15 inches high. Three and four tiers of leaves. \$2.00 Each. These can only be sent by express. Nice plants, 8 to 10 inches, \$1.00 each.

### CROWN OF THORNS==Euphorbia Splendens.

A curious plant, with thick, fleshy, twining stems, which are covered with stout, sharp spines nearly an inch long. There is a tradition that this plant furnished the material for the "Crown of Thorns" used in the divine tragedy. The foliage is bright green and the flowers are a beautiful coral-pink, very pretty when in bloom. Price, 15 cents each.

Dear Sirs:—I am very much pleased with the plants just received from you. The two former lots, received more than a month ago, are all growing finely. Shall continue to patronize you. Respectfully, R. C.

Davenport, Iowa, March 20, 1898.

OUR BEAUTIFUL NEW **BEDDING COLEUS.**

The Coleus will give more pleasure at less cost than any other plant. Their varied tints of crimson, gold, bronze and green, and richly blotched, veined or margined, produce a brilliancy of coloring unequalled. The Coleus is the gardener's paint box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and parti-colored designs we may choose to display upon our lawns and parterres. In this field there is the greatest opportunity for an interesting exercise of the ornamental taste possessed by all flower lovers. The style is very appropriately called "carpet gardening." Whoever has been in our large city parks will never forget the little ornamental bed curving and quaint designs and mingling arabesques of orange, blue, canary-yellow, scarlet, silver-white, claret, pale green, purplish-black and olive—that look like varicolored rugs spread at short intervals on the smooth lawn. Sometimes one large circular bed is filled with maroon-leaved Coleus with very striking effect. Plants should be set about a foot apart, so that when the size of the bed is ascertained it is easy to figure how many plants are needed of each kind in a row. We have a collection of two hundred kinds of the most distinct sorts out. Leave the selection of favorites with us, as it is hard to describe the various tints. Price, 5 cents each; twenty distinct varieties for \$1 by mail, prepaid; by express, thirty for \$1. All good bedders, standing the hot sun without losing their colors. Price of Coleus by the hundred, when sent by express, \$3.00.

**Amaryllis Johnsonii.**

One of the most gorgeous bulbous plants grown. We have seen specimens of a few years' growth that completely filled a window. Nothing is more showy than this grand plant during late Winter or early Spring, bearing large flowers of intense crimson with a delicate white feather in each petal. It is most superb. Price, 40 cents each.

“ **Amaryllis Equestre.** ”

This beautiful flower is a bright salmon pink, with distinct snow white blotch at base of petals. It is a remarkably free flowering variety. Its striking and beautiful effect makes it wonderfully attractive for house blooming, and they grow as well in pots as when planted outside. 15 cents each.

The Gorgeous Scarlet Mexican Lily

“ **Sprekelia Formosissima.** ”

Any description would be inadequate to give a correct idea of the superb brilliancy of the flowers of this Lily. They are of a dark velvet-scarlet, shading to maroon and having a satiny-white stripe in the center of each petal. In form more graceful than any Lily we know of. They must be seen to get a proper idea of their gorgeous magnificence. Plant the bulbs either in sand and pebbles covered with water, like a Sacred Lily, or in pots filled with good rich soil. If planted in the same manner as the Chinese Sacred Lily, the blooms will appear much sooner, but will not last so long as when planted in earth. Try two or three of these bulbs planted together and a gorgeous display is assured. Price, 15 cents each; two for 25 cents; three for 35 cents.

NEPHROLEPSIS CORDATA COMPACTA.

**New Sword Fern, Nephrolepis Cordata Compacta**—In our estimation this variety is the finest of all the sword ferns; it is of free, strong growing compact habit, attaining when fully grown, a height of about two feet. The fronds, which are of a dark green color, very rich, of upright growth, with just sufficient arch in them to make them graceful. As a fern for house culture or for window gardening, we do not know of any other variety that would give the same satisfaction and which we could recommend so highly. Price, nice plants 15 cents; large plants 25 cents; splendid plants for immediate effect, 50 cents.

**The Boston Sword Fern**—(Nephrolepis Exaltata Bostoniensis.) A variation from the ordinary sword Fern which originated in the vicinity of Boston, where it has been in popular favor for a number of years under the name of Boston Fern. In the vicinity of Boston no other plant is used so extensively as this graceful Nephrolepis, which differs from the ordinary Fern in having much longer fronds, which frequently attain a length of four feet. These fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. Price, nice plants, 15 cents; good, large plants, 25 cents; elegant large plants for immediate effect, 50 cents.

**Sword Fern, Nephrolepis Exaltata**—In well-grown specimens the fronds attain a length of six or seven feet, but only one to three inches wide, and like plumes arching over in every direction, in a most graceful manner. This beautiful fern is excellent for outside planting in shady borders. It is a very fine plant for hanging pots or baskets on the piazza in Summer, and conservatory or window in Winter. Our cut conveys a very poor idea of its gracefulness and beauty. Price, 15 cents each; large fine plants, 25 cents.

SELAGINELLA EMILLIANA.

## Beautiful Ferns.

These beautiful plants are now very generally cultivated. Their great diversity and gracefulness of foliage make them much valued as plants for vases, baskets or rock work, or as specimen plants for parlor or conservatory. Keep them out of the direct sunlight, and water carefully, that the delicate roots lying near the surface may never become dry.

**Adiantum Cuneatum**—(Maiden Hair Fern.) A very beautiful and graceful Fern, its delicate fronds being much used for cut flower work. Price, 15 cents each.

**Blechnum Occidentale**—A beautiful, strong grown dwarf Fern with fronds of a light green. The young leaves have a charming pink lustre. Price, 15 cents each.

**Aspidium Tensemense**—A beautiful variety, having graceful, dark, dense green fronds. A clear, good grower, and very ornamental. Price, 15 cents.

**Onychium Japonicum**—A very beautiful Fern, having long, graceful fronds. The wiry texture of the leaf makes it keep a long time; very useful to cut for vases, etc. Price 15 cents.

**Lastrea Aristata Variegata**—This most beautiful variety has a broad band of yellowish green running through the panicle along the course of the radius; very ornamental. Price, 15 cents each.

SILVER FERN (Pteris Argyrea).

**The Beautiful Silver Fern, Pteris Argyrea**—A very showy Fern with variegated foliage; fronds large, light green, with a broad band of silver-white down the center of each. Very distinct. Price 20 cents each; fine large plants 50 cents.

**Pteris Tremula**—(Shaking Fern.) The foliage of the Pteris varieties is large; very graceful. The slightest movement of the air shakes the leaves of this kind, which we recommend more than any other for house-culture, etc. It grows readily and very fast. Keep the leaves from dust and sprinkle slightly every warm day. Price, 15 cents each.

**Pteris Serrulata Cristata Nana Compacta**—A new and beautiful form of the Pteris Serrulata Cristata; spreading habit; large foliage, finely crested. Price, 15c. each.

**New Sword Fern, Nephrolepis Pictineata**—A dwarf variety of the Sword Fern; admirably adapted for hanging baskets. Price, 15 and 25 cents.

**New Sword Fern, Nephrolepis Davaliodes Furcans**—A highly ornamental production from Java, with long, deep-crested fronds of a bright, glossy green color; a strong-growing variety; strong plants. Price, 25 and 50 cents.

**Selaginella Emilliana**—A new, upright-growing moss with numerous feathery stems branching from the base and forming a dense tuft. Well-grown plants attain twelve to eighteen inches in height, and of corresponding diameter. We know of no moss superior to it, and it is exceedingly appropriate for the table decoration. Price, 15 cents each.

CORAL GEM.

## Lotus Pelyorensis.

CORAL GEM.

This charming plant is so well thought of abroad, that a prominent horticultural journal color-plated it. "The Garden" says of it: "Its cylinder branching habit is most striking, and the silvery foliage even more so. Without its flowers it might almost be described as a Silvery Asparagus." But the bright, coral-red flowers, measuring two inches in length, are really beautiful, greatly reminding one of the rare and beautiful Clianthus, so difficult to grow, while this gem is of the easiest possible management. Its drooping habit also makes it useful for hanging baskets. It is nearly hardy. Price 15 cents each; two for 25 cents.

### FEVERFEW—Little Gem.

The great value of the old Dwarf Feverfew for cut flowers during the Summer, Fall and Winter is well known to florists and others. This variety surpasses it in every way. It is very dwarf, attaining a height of from 12 to 18 inches. The flowers are larger, of more perfect form and of the purest white. Price, 15 cents each; three for 25 cents.

### CAREX JAPONICA VARIEGATA.

A new ornamental Japanese grass which is extremely useful as a house plant, of easy growth, standing the dry atmosphere of heated rooms with impunity, and at the same time hardy if planted out in the garden in Summer. Price, 15 cents each.

### The True Moonflower, IPOMOEA GRANDIFLORA.

This plant has become very popular and it certainly is a wonderful annual climber. It grows rapidly and blooms profusely. Flowers five inches in diameter, and quite fragrant. A very rapid summer climber, blooming the first season. The flowers are immense, pure white, sweet-scented, five inches in diameter, borne very profusely, and, as they open at night, are very striking. Being a free bloomer, the effect on a moonlight night is charming. It is a splendid plant for verandas. Try it. Price, 10 cents each; 75c. per dozen.

### The Blue Moonflower, IPOMOEA LEARII.

(From Ceylon.) A handsome, quick growing, perennial climber. Often flowers in bunches of a half dozen; the flowers are trumpet shaped, about four inches across, of a rich violet blue, with five purple rays. Grows about twenty-five feet in one season, and is a most attractive climber. Price, 10 cents each; three for 25 cts.

### The Hardy Day-Blooming Moonflower, IPOMOEA PANDURATA.

This is one of the most rampant growing vines in cultivation, having a large tuberous root that is perfectly hardy in Minnesota and Canada. The flowers, which are very large, are a pure satiny-white, with a pinkish purple throat, shading off deeper in the tube. The flowers are usually four inches in diameter—sometimes attain a diameter of five or even six inches. They are produced in large clusters and in the greatest profusion from June to October. Price, 20 cents each; three for 50 cents.

GIANT HELIOTROPE.

## THE HARDY CHINESE

# Matrimony Vine.

The old-fashioned Matrimony Vine was a general favorite more than fifty years ago, but in beauty of flower, fruit and foliage it cannot compare with this superb variety. It is a most vigorous, hardy climbing plant when trained to an arbor, fastened to a fence, attached to a tree, the side of a house, the pillars of a piazza, or in any location where a hardy, vigorous climber is desired. Price, 10 cents.

**Jasmine Cape**—The well-known Cape Jasmine grows into a fine, large bush; fine, rich, glossy foliage, and large double flowers of delicious fragrance. Price, 15 cents each.

**Jasminum Grandiflorum**—This is an old favorite and the most satisfactory for general culture of all the Jasmines. It flowers nearly the whole season and is especially valuable as a house plant in winter; flowers star-shaped, pure white and very fragrant. Price, 10 cents.

**Jasmine Maid of Orleans**—A very attractive new sort, with good-sized double flowers, blooming profusely all summer, shining pale-green foliage. We predict for it a rapid sale, as it is so much easier to handle than other Cape Jasmines, and, on the whole, more desirable. Nice plants, 15 cents; large plants, 25 cents; extra fine, two-year plants, 50 cents.

**Grand Duke**—This Jasmine is very easily grown, even small plants bear a profusion of very double creamy-white flowers, having a delicious perfume. **Queen of Violets**—Its color is of the deepest violet-purple, with large, almost pure white center.

**New Giant-Flowered Heliotrope**—Efforts to improve the Heliotrope have been persistently made by experts all over the world for a number of years, and at last these efforts have been successful; realization has surpassed the most ardent expectation. The size of the foliage and its quality are doubled; the habit of the plant is made compact and bushy instead of being scraggy and sprawling; the size of the flowers is magnified beyond belief, specimen heads measuring ten to fifteen inches across; the color is better. (See cut.) Price, 15 cents; two for 25 cents.

This is one of the most popular of our hardy vines, growing very rapidly, climbing to a height of fifty feet or more. It flowers in early spring, in long, drooping racemes, resembling in size and shape a bunch of grapes.

SPIREA ANTHONY WATERER.

## Our Improved Lily of the Valley.

## LILY OF THE VALLEY.

Too well known to need any special description. Everyone knows their value for out-door blooming, but all do not realize that their sprays of fairy bells can be obtained in Winter just as easily. We offer strong, imported pips that have been grown especially for Winter blooming. Plant half a dozen pips in a four-inch pot, keep rather cool until well started then bring to the light and warmth, and keep freely supplied with water. You will be surprised at the rapidity of their growth, and at the size of their lovely fragrant bells. If you wish them for Easter start them in February. We can supply the bulbs all Winter. Price, 4 cents each; 40 cents per dozen.

## LILIUM CANDIDUM.

**The Madonna, or Annunciation Lily**—This lily is the emblem of purity. The deep lemon anthers contrast beautifully with the wax-like petals. The fragrance is delicious and never oppressive. It is one of the best of Lilies to grow in the house or outside. Perfectly hardy. Price, 15 cents each; four for 50 cents.

**Lilium Speciosum Rubrum**—Large wild flowers, recurving more or less at the tips. Among the showiest of all Lilies, and perhaps the most robust and the most radiantly beautiful. Very fragrant and hardy. Lovely rose and white, spotted crimson. Price, 20c.

**Lilium Speciosum Monstrum Album**—A variety of the above, with broad, flat stems and immense heads of flowers. Pure white and very fragrant; petals gracefully recurved; a very fine sort. Price, 20 cents each.

**Lilium Auratum**, (Golden-Rayed Queen of Lilies)—The grandest Lily grown, and a never-failing delight. We take pleasure in showing it to people who have never seen it. It seldom fails to create a sensation. The perfume is exquisite—light, yet penetrating. Magnificent by daylight, but by moonlight a well grown plant, carrying five or more blooms, is simply indescribably beautiful. Also known as "Gold Banded Lily from Japan." Price 20 cents each.

## THE BEAUTIFUL

### LEMON LILY OF SIBERIA. (*Hemerocallis Flava*.)

One of the most beautiful and desirable Lilies in existence. You plant it once and you have it for all time. Few plants present a more striking appearance on the lawn or border than a large clump of this clear lemon-colored lily, which is produced in the greatest profusion, lasting in flower for a long time. It is perfectly hardy, requiring not the slightest protection and no care, after being once started. Price, 20 cents each.

### Chinese Sacred Narcissus.

**Oriental Lily or "Joss Flower."**—The most satisfactory of all Winter blooming bulbs. No home should be without one. Nothing is as easily cared for or gives as great an abundance of deliciously scented bloom. Fill a bowl or similar vessel with pebbles in which place the bulb, setting it about one-half its depth, so that it will be held firmly, then fill with water to the top of the pebbles, and place in a warm, sunny window. The bulb will at once commence rapid growth, and bloom in four or five weeks. The bulbs are so large and have so much vitality they can be kept perfectly dry all Winter, and be planted any time when flowers are desired. Extra size bulbs, 15c; 4 for 50c.

## DOUBLE TUBE ROSES.

One of the most delightfully fragrant and beautiful of all our Summer flowering bulbs, throwing up long spikes of double pure white flowers, two feet or more in height, and remaining in bloom for a long period. They should be planted in May or June in the garden, and will bloom during August and September.

**Excelsior Double Pearl**.—The great value of this variety over the common Double Italian, consists in its flowers, being nearly double in size, imbricated like a Rose, and its dwarf habit, growing only eighteen inches to two feet in height. We offer only one size bulbs, the best; as we find that second size bulbs do not give satisfaction. Price 5 cents each; 6 for 25 cents; 12 for 45 cents.

## OXALIS ORTGIESI.

Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year, when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. It is a shrubby plant, like a Geranium or Fuchsia without buds, in which respect it differs from other Oxalis. It grows twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright, golden, star-shaped flowers, which do not close at night, like other Oxalis. Beautiful as the flowers are, it is still a splendid plant without them, on account of its highly ornamental foliage. The leaves are three-lobed, dark, olive-green above, and a beautiful shining metallic crimson-purple underneath, and wine colored stems. This makes a truly novel plant, as well as a very beautiful one, and it is surprising to see what attention it will attract. Price, 10 cents each; three for 25 cents.

OXALIS ORTGIESI.

No orders from Canada accepted for amounts less than \$1.00, and ten cents additional for postage for each \$1.00 worth must be sent, as rates for postage are much higher than domestic.

MARIE LOUISE.

PRINCESS OF WALES.

SWANLEY WHITE.

DOUBLE ENGLISH.

**VIOLETS.**

Of all delightful perfumes, that of Violets is the most delicate and pleasant, and places the modest little blue flowers among our greatest favorites. Violets grow and bloom during the dead of Winter with no trouble whatever, if given a cool situation, but will not succeed in a warm place.

**HARDY DOUBLE ENGLISH VIOLET.**

This Violet is entirely hardy, perfectly double, a deep violet-purple color and most deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker, and far excels it in its delightful odor; this is one of its greatest merits. Will grow and bloom in any garden and in any situation. 15 cents each; two for 25c.

**New Double White Perpetual Flowering Violet, Swanley White or Queen of Fragrance.**—Of all the White Violets this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly and is loaded with flowers. Price, 15 cents each; two for 25 cents.

**New Single Violet, Princess of Wales.**—This variety is far ahead of any other single Violet known. Of hardy, vigorous growth, the plants are wonderfully free flowering. The grand single flowers, of a true violet-blue color that does not fade, are of round, symmetrical form, almost as large as pansies, and of the richest, most delicious fragrance. Price, 15 cents each; two for 25 cents.

**New Single Violet, California.**—This beautiful Violet has created a decided sensation. It was raised in California, where it was cultivated by the hundreds of acres as cut flowers. Price, 15 cents each; two for 25 cents.

**Marie Louise.**—Bold, fine flowers, very fragrant and very prolific. The color is of a dark blue, flowers double. This is the favorite double blue Violet that you see in the florists' windows. Price, 10 cents each.

**A Fine Climber, LOPHOSPERMUM SCANDENS.**

A handsome climbing plant, of rapid growth, with heart-shaped leaves, and large, rose-colored, Gloxinia-like flowers. Its rapid growth and fine foliage, with its beautiful flowers, combine to make it one of the best plants for covering any unsightly object, or for large vases on the lawn. Price, 10 cents each; three for 25 cents; six for 40 cents.

**SWAINSONIA GALEGIFOLIA ALBA.**

A most desirable free flowering plant with pure white flowers, produced in sprays of from 12 to 20 flowers each, the individual blooms resembling a sweet pea. As a decorative plant for the window or conservatory, we know of nothing that will give as much satisfaction as the Swainsonia.

**SMILAX.**

This very great climber is a great addition to our basket plants, possessing the rare qualities of delicate and tolerably dense foliage and vining habit, admirably adapting it to clinging or drooping, as may be required. For using for a green with cut flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. Price, 10 cents each; three for 25 cents.

**GLADIOLUS.**

The Gladiolus is the most attractive of all the Summer flowering bulbs, and deserves a place in every garden, as it is sure to flower and do well with very little care. It has no insect enemies or diseases. The flowers are of almost every desirable color. By cutting the spikes when two or three of the lower flowers are open, and placing them in water, the entire spike will open in the most beautiful manner. Set the bulbs from six to nine inches apart and about four inches deep. Plant from middle of April to first of June. It is a good way to plant at two or three different times, ten days or two weeks apart. This will give a succession of blooms from July to November.

**WE OFFER YOU TWELVE CHOICE NAMED KINDS AS DESCRIBED BELOW FOR 40 CENTS.**

**Ceres**—White, spotted rose. Makes a fine spike.

**Two Beautiful Plants from Mexico, MEXICAN PEPEROMIA.**

It is a lovely trailer, to be used as one would use the old "Wandering Jew." It makes an attractive trailing or creeping vine, as its leaves are exceedingly beautiful, being a dark, velvety, greenish black, freely blotched with silver. Price, 15 cents each.

**THE BEAUTIFUL MEXICAN PRIMROSE.**

A charming basket or pot plant. It is certainly a very worthy plant, and indispensable to every collection. Flowers beautiful bright, clear pink color, veined scarlet, with bright center. Plant seldom grows over 10 inches high, but inclines to a trailing habit, spreading its branches out over the ground or drooping over the sides of the pot. We offer nice plants at 8c. each; 4 for 25c., 10 for 50c.

**For every dollar's worth of plants you order at price per single plant you may select from Catalogue 20 cents' worth of extra plants as premiums, except on special offers or collections, to which this offer does not apply.**

**Fine Double Herbaceous  
PÆONIES.**

We herewith offer some of the newest and most beautiful varieties in cultivation. These noble plants are exceedingly effective; the profusion and duration of bloom, combined with handsome massive foliage, accommodating habits, and easy culture, render them one of the most popular hardy plants grown for lawn and garden decoration, or for mingling with Shrubs, or amongst herbaceous plants in borders and wild gardens. The flowers are large, massive, perfect in outline and most beautiful. (See cut.) We offer fine named kinds, distinct colors, 30 cents each.

Three Fine Named Kinds for 75 Cents.

**BOSTON IVY.—(Ampelopsis Veitchii.)**

This Vine also goes under the name of "Japanese Ivy" and "Boston Ivy." It clings readily to any surface, not even excepting grass, where it will spread its fairy-like tracery of infinite small leaflets and the accompanying circular suckers by which it is attached. The older leaves attain a moderate size. They are graduated down to very small ones. The texture is leathery and smooth. The foliage is closely overlapping, not a stem visible. Its color, very bright in Autumn, is a delicate green in Summer. We need not sigh for English Ivy to festoon our walls while we have Ampelopsis Veitchii. Price, 15 cents each; two strong plants for 25 cents.

**HARDY HYDRANGEA PANICULATA GRANDIFLORA.**

TYPE OF BEST NEW PÆONIES.

**HONEYSUCKLE.**

The dear old Honeysuckle is never out of place, at the rich man's mansion or the poor man's cottage. For a cheap, hardy, robust, yet lovely vine, it is the chief standby.

**Aurea Reticulata**—A variety with beautifully variegated foliage; the leaves are netted and veined with clear yellow; flowers yellow and fragrant. Price, 15 cents each.

**Chinese Twining**—Blossoms at intervals through the Summer, and retains its foliage late in Winter; flowers nearly white; quite distinct. Price 15 cents each.

**Halleana**—Color, white, changing to yellow; very fragrant; blooms from June to November. Price 15c. each.

**CLEMATIS PANICULATA.**

One of the most beautiful of our hardy-flowering vines. The flowers are pure white, and are borne in great panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. These clusters are borne on long slender stems, which stand out boldly from between the glossy green leaves, and the gentlest breeze causes wavy crests of white to flow gently over their surface. The fragrance is delicious, resembling the English Hawthorn blossoms, and is so subtle and penetrating that a large plant in bloom will fill the air with fragrance. It begins to bloom late in August or early in September, at a time when most other hardy climbers are out of bloom, an inestimable advantage. It is a strong, rapid grower, quickly reaching a height of from fifteen to twenty feet, and spreading out when trained to wires or string. It is perfectly hardy in all sections of the country, and we can unhesitatingly say that it is, in our opinion, the most valuable among hardy climbing vines. Price, 15 cents each.

**New Hydrangea PANICULATA GRANDIFLORA.**

This is one of the most hardy shrubs in cultivation. It attains a height of three or four feet, and is perfectly hardy in all parts of the country. The flowers are white, borne in immense pyramidal panicles nearly a foot in length. It commences flowering in July and continues until November. The plant should be cut back every Spring at least one-half of the last season's growth, as the flowers are borne on new wood and are much finer when the plants are treated in this way. This is the finest flowering Shrub for cemetery planting we know of. See illustration. Price, large out door plants 25 cents each.

Gentlemen: I was pleased and surprised with the plants received this afternoon. For extras and promptness, accept thanks.

The plants, twelve to fifteen inches high, are of compact, bushy growth, and most abundant bloomers. Per packet, 10 cents.

Take great care not to wash out the young plants in watering; they will give an abundance of bloom the first year. At the end of the season the plants may be dried off by withholding water, the tubers kept in a dry place, free from frost, and planted the following spring, when they will bloom more freely than ever.

## BEGONIA VERNON.

This new Begonia is one of the most remarkable floral novelties. It comes absolutely true from seed. The plants grow rapidly and thrive amazingly under our hot Summer sun. It seems that the hotter and brighter the sun the richer are the flowers and foliage. This character makes it of the greatest value for bedding and general culture in the open ground. The flowers are borne in constant profusion and with striking effect, from early Summer until late Autumn. The color is intensely deep red, magnificently set off by the abundant and vigorous foliage, which is waxy and glossy, stained, spotted and margined bronze-purple. ## SALVIA.

The Salvia is now a standard bedding plant, and well does it deserve its honor. It stands heat and drouth remarkably well, and its colors are very showy and intense. Seed is best started under grass, though self-sown seed frequently comes up in great numbers where a bed of these plants had been the year previous. Cuttings are easily rooted in August and September, and make fine Winter blooming plants for sunny windows.

**Splendens**—Large, scarlet; exceedingly showy and useful for cutting and for ornamental beds. 10 cents per packet.

**Ferns**—Greenhouse Varieties—We offer fine mixed fern seed including a number of good varieties, of our own importation from a large English grower. This must not be confounded with the cheap, poor stuff sometimes offered. Varied and beautiful foliage. Per pkt. 15 cts.

## SWEET PEAS.

The Sweet Pea is today one of the most popular garden flowers. Their pretty colors and delightful perfume make them one of the most charming flowers. Plant a good lot for the beautiful bouquets of sweet blossoms they will yield you. The collection here offered is superb, all new and improved varieties of great beauty. Should be sown four inches deep and cultivated like common peas; may be sown very early. Cut flowers early and pick off seed pods as fast as they appear.
